

## SIR ROGER CASEMENT DIES TODAY

Deutschland, Giant German Submarine, Safely Escapes Into the Open Sea

### ONLY HOPE FOR IRISH LEADER LIES IN LAST MOMENT COMMUTATION

British Minister of War States Government's Intention Is Not to Reprive Sir Roger, But to Let the Law Take Its Course, Regardless of Protests.

### NO REPRIEVE REQUESTED BY WASHINGTON

Casement Was Sentenced to Be Hung for High Treason in Connection With the Recent Irish Rebellion—Verdict Aroused Protests From America and Other Countries Throughout the World.

London, Aug. 2.—Sir Roger Casement will be executed in the Pentonville prison at 9 o'clock tomorrow morning for high treason. Lord Robert Cecil, minister of war, today made known to the Associated Press that it was the British government's determination not to reprove Sir Roger.

While the government maintains silence as to the final efforts made in behalf of Sir Roger, it is known that petitions were received as late as today. The foreign office says no communication has been received from the state department at Washington requesting a reprieve.

The whole subject surrounding Sir Roger's case has been seriously considered by the cabinet, and the determination to let the law take its course proved unalterable. The decision of the government will cause some surprise, as the opinion had become widespread that the sentence of Sir Roger would be commuted, at the last moment, to life imprisonment.

Honored with knighthood—a title since taken from him by King George's order—for his many years of service for Great Britain as consul and consul general, Roger Casement assumed leadership, at a period of his country's crisis, in the recent Irish rebellion, the plans for which were laid while Casement was in Berlin, where he was reported to have negotiated an understanding with the German imperial authorities.

British naval supremacy brought an abortive close to Casement's plans. The German tramp steamship on which there was transported an armed expedition from Germany nearly to the west coast of Ireland in April of this year was blown up by its own crew when the latter foresaw that it was inevitable that the blockading English warships would capture it. The crew were made prisoners. The tramp had been conveyed from Kiel by a German submarine, from which Casement and a companion landed on Irish soil, where they were taken into custody before their plans were matured.

In May, Casement was given a preliminary hearing and was committed for trial on the charge of high treason. Late in June the trial was begun.

### "Very Cruz Issue" War Money Is Now Redeemed

Mexico City, Aug. 2.—A decree issued by the treasury department today provides that all paper currency known as "the Vera Cruz issue," which was deposited for exchange before August 1 would be exchanged for the last issue of "un-

counterfeitable" bills at the ratio of ten to one. All the Vera Cruz not deposited for exchange before August 1 is now null and void, according to the decree and persons attempting to pass the money will be prosecuted.

Securing Honorable Peace Is Discussed in Many of the Larger German Cities

Berlin, Aug. 2.—(9:56 p. m.)—The announced meetings of the national committee for securing an honorable peace were held in about forty of the larger cities of Germany last night, but at none of the meetings did the moderates give any precise statement concerning the conditions of peace as the moderates would like to see them. The speakers usually dwelt on generalities, rarely going beyond the chancellor's declaration with regard to peace.

Prof. Adolf Harnack was a speaker at the Berlin meeting in the great Philharmonic hall. He made no surprising statements regarding the aims of the war, which he specified as the thrust-

### WASHINGTON MAY PREVENT STRIKE OF RAILROAD MEN

U. S. CHAMBER OF COMMERCE DECLARES STRIKE IS INEVITABLE UNLESS STRONG MEASURES OF INTERVENTION ARE SPEEDILY INTRODUCED.

### SETTLING QUESTION BY VOTE

Committee of Fifty Men, Counting 400,000 Votes Cast by Railroad Men, Find Most of Them Favor Striking Unless the Railroads Grant Them an Eight-hour Day.

Washington, Aug. 2.—Officials of the federal government, including President Wilson, are closely watching developments in the controversy between twenty-five railroad systems and their 400,000 employees, and are preparing to offer every possible aid to effect an agreement and avoid a strike.

Today the president forwarded to the labor department an appeal he had received from the Chamber of Commerce of the United States through Harry A. Wheeler, chairman of the chamber's committee on railroads, declaring a strike is inevitable "unless some strong measures of intervention are speedily introduced," and urging an inquiry. Acting Secretary of Labor Post said tonight he was in close touch with the situation, but had not decided whether action by the department would be necessary. The federal board of mediation and conciliation.

### FINLAY RESIDENTS RETURN HOME AFTER BANDIT SCARE

Finlay, Texas, Aug. 2.—Residents of Finlay who early today left their homes and fled to the hills or reports that a force of 150 Mexican bandits had crossed the Rio Grande and was encamped at Lasca Pecos south of here, all returned tonight.

Investigation by William Kelly Jr. and Lieut. W. A. Rahog of the Eighth cavalry disclosed that the reports of the presence of bandits probably arose from the fact that three cattlemen leading several horses passed near a Massachusetts outpost. Believing a large party of bandits was in the vicinity, the national guardsmen firing number of shots, but these largely took effect in a clump of mesquites swaying in the breeze.

### OLD CONGRESSMEN WIN IN OKLAHOMA

Oklahoma City, Aug. 2.—Late returns from Tuesday's primary election indicate the nomination of all present Oklahoma congressmen who had contests. Congressman Davenport in the first district, Congressman W. W. Hastings in the second district, and Congressman C. D. Carter in the third district appear to have won by big majorities, while Congressman Wm. H. Murray in the fourth district is leading by about 200 votes. Congressman Dick T. Morgan, republican, was renominated in the eighth district by a large majority.

Complete returns in the first district show the nomination of T. A. (Bert) Chandler of Vinita, republican, by a majority of 1,340 over A. A. Small.

### Infantile Paralysis Investigation

New York, Aug. 2.—A series of investigations with the object of solving problems which have arisen from the epidemic of infantile paralysis in this city, will be begun here tomorrow by several of the leading pathologists and bacteriologists of the country. Some of the out-of-town experts arrived tonight. Dr. Simon Flexner of the Rockefeller Institute for Medical Research probably will preside at the investigation.

It was announced tonight that thus far eight persons classed as adults, all over fifteen years of age, have had the disease.

### THINKS WOMEN SHOULD HAVE VOICE IN MAKING LAWS THAT AFFECT CHILDREN

Mrs. Guildford Dudley and her two children.

Mrs. Guildford Dudley, leader of the Tennessee suffragists, is one of the "suffrage mothers" who will attend the emergency-called convention of the National American Woman Suffrage Association at Atlantic City, 6-10. Mrs. Dudley believes that it is high time that women had a voice in the making of the laws that affect children and the home. She will take a prominent part in deciding the next steps to be taken by the national suffragists to hasten nation-wide suffrage for women.

### BULL MOOSERS TO CONFER TODAY ON RE-ORGANIZATION

Indianapolis, Ind., Aug. 2.—Progressive party leaders from a number of states who disapproved of the action of the bull moose national committee in endorsing Charles E. Hughes for president, will confer here tomorrow to consider reorganizing the party's national convention within thirty days to nominate a candidate for president as a running mate for John M. Parker of Louisiana, nominee for vice president.

Mr. Parker, who issued the call for conference, arrived tonight. No definite plan has been agreed upon for tomorrow's conference.

### TODAY'S WEATHER.

### VOLUNTARY FORECAST.

By Isidor Block, D. O. S., F. R., Met. S., Optician and Meteorologist.

Today promises to be partly cloudy; no change in temperature.

The weather map shows highs and lows distributed all over the country, with scattered showers and until pressure changes no changes in local weather may be expected.

Local readings for the twenty-four hours ending at 7 p. m. yesterday: Maximum temperature 95 degrees at 5 p. m., minimum 76 at 6 a. m., barometer 29.50, humidity 40, wind passage 81 miles, fastest was 5 miles at 4:30 p. m.

Government Forecast.

Washington, D. C., Aug. 2.—Forecast of the weather by the federal bureau: East and West Texas and Oklahoma—Thursday and Friday generally fair.

### BEEF TRUST KEEPS SENDING PRICES UP

Washington, Aug. 2.—Representative Borland of Missouri renewed his charges of a beef trust in the house today and demanded action on his resolution proposing an investigation of meat prices by the federal trade commission. He declared the packers were dividing enormous dividends while they charged consumers war prices, and had tried to stifle the proposal for an inquiry because they feared publicity.

The Borland resolution, he pointed out, now has been before the judiciary committee for six months, during which livestock prices had been going steadily upward.

### STREET CAR MEN GAIN CONCESSIONS

New York, Aug. 2.—Organizers of the street car employees' union asserted tonight that wage increases granted by the Interborough Rapid Transit company to its workers will not be permitted to interfere with plans to unionize the men. The action of the company is proof that the complaints of the employees are just, union officials declared.

### STRIKERS BEGIN SELLING MEAT

St. Louis, Aug. 2.—Striking meat cutters from the packing houses on the Missouri side of the river today mailed to retail meat dealers throughout the city circulars announcing that the union would fill all orders and asking them not to buy from the packing house against which a strike has been declared. The union leaders claim that 4,000 men are on strike here. The packers claim that not more than 2,500 are out.

The East St. Louis packing houses are not affected, as the men on strike there returned to work Tuesday.

Paul Leche Supreme Director.

Davenport, Iowa, Aug. 2.—Paul Leche of Donaldsonville, La., was elected a supreme director for a three-year term by the convention of the Knights of Columbus today. The 1917 convention will be held in Old Point Comfort, Va.

### FINAL DASH TO SEA MADE LAST NIGHT BY GERMAN UNDER WATER FREIGHTER

Departure to Sea Follows 18-Mile Dash Through Lower Chesapeake Bay—Reaches Capes Just After Dusk—No Allied Cruisers Visible When She Passes Through.

### WHETHER SHE SUBMERGED IS UNKNOWN

Observers on Tug Timmins and on Newspaper Dispatch Boat Only Know She Disappeared Unharmed and Had a Clear Field Ahead to Point Where She Could Submerge Safely.

Norfolk, Va., Aug. 2.—The German submarine merchantman Deutschland passed quietly out of the Virginia capes at 8:30 o'clock tonight on her homeward voyage, apparently unobserved by the allied warship patrol waiting outside the three-mile limit. She was accompanied to the capes only by the tug Thomas F. Timmins, which had conveyed her down the bay from Baltimore, and by a newspaper dispatch boat.

Her departure to sea followed an eighteen-mile dash through the lower Chesapeake bay. After proceeding slowly most of the way down, she increased her power at 6:30 and reached the capes just after dusk. None of the allied cruisers was visible as she passed through.

Whether she submerged before reaching the three-mile limit is unknown. The two accompanying boats only know that she disappeared unharmed, and that to all appearances she had a clear field ahead to a point where she could completely submerge in safety.

Half an hour after the last light of the Deutschland had disappeared, the Timmins, seemingly satisfied with her work, turned back and headed up the Chesapeake bay in the direction of Baltimore.

### HID DURING PART OF DAY.

During part of the day the Deutschland had remained hidden at a cove in Chesapeake bay. For several hours before the beginning of her final dash she lay in a secluded retreat near Tangier Island, about fifty miles above Cape Henry. The steamer Somerset and the government buoy tender Ivy reported during the early afternoon that they had passed her at that point. The press boat then took a position near the dividing point of the Old

As the Timmins came alongside the press boat at a distance of perhaps 100 feet and with the Deutschland moving slowly close to her starboard side, Captain

### U. S. Tenth Cavalry Enjoys Celebration Anniversary

Headquarters American Punitive Expedition, Mexico, July 30.—By motor truck to Columbus, Aug. 2.—Mimic battles and rescues under fire featured the pageant with which the Tenth United States cavalry today celebrated the fifteenth anniversary of its formation. This military anniversary was celebrated by the Tenth, which was organized at Fort Sill, Okla., July 28, 1895, during most of its life has been service west of the Mississippi, but in action in winning laurels in wars against the Indians,

it has distinguished itself at Santiago, Cuba, in the Philippines and most recently in Mexico, notably at Carrizal. The anniversary celebration given in the early evening before regimental officers and soldiers and all former officers of the regiment now with the expeditionary column, was unique in the annals of military anniversaries and was conceived by Lieut. Col. Charles Young of the Tenth, a West Point graduate, who has reached the highest army rank ever attained by a negro.

### Carranza Fails to Make Prompt Answer to Note Agreeing to Commission

Washington, Aug. 3.—Officials of the de facto government of Mexico have been favorably impressed, according to information reaching the state department, by Acting Secretary Polk's note accepting the suggestion for a joint international commission to consider border problems, but no definite indication has come as to whether General Carranza's reply may be expected.

At the Mexican embassy it was said the reply might be received tomorrow, although officials would not disclose on what information the statement was based.

At neither the state department nor the embassy would any official predict what position the de facto authorities would take in regard to the American proposal that the commission be authorized to discuss other matters than the military situation on the border.

Officials would not say what matters in addition to the military situation it was desired that the commissioners take up. Any consideration of the internal

affairs of Mexico, it was said, must arise on motion of the Mexican government itself. If the economic and financial situation of the southern republic were deemed by the Mexican commissioners to be material for discussion at any point, the American members doubtless would be instructed to undertake it. The possibility that from such a discussion might be developed a plan under which American bankers could go to the aid of the de facto government, it was pointed out, would rest wholly upon the initiative of the Mexicans.

Private advices today from Mexico indicated that new problems are pressing on General Carranza with the spread of labor troubles. No details were given, but it was reported that discontent was spreading among Mexican railroad employees and that an extensive tie-up of lines was threatened.

The state department had no reports on this subject. The Mexican embassy had heard something of the trouble but had no official knowledge of it.

SIR ROGER CASEMENT DIES TODAY

Deutschland, Giant German Submarine, Safely Escapes Into the Open Sea

ONLY HOPE FOR IRISH LEADER LIES IN LAST MOMENT COMMUTATION

British Minister of War States Government's Intention Is Not to Reprive Sir Roger, But to Let the Law Take Its Course, Regardless of Protests.

NO REPRIEVE REQUESTED BY WASHINGTON

Casement Was Sentenced to Be Hung for High Treason in Connection With the Recent Irish Rebellion—Verdict Aroused Protests From America and Other Countries Throughout the World.

London, Aug. 2.—Sir Roger Casement will be executed in the Pentonville prison at 9 o'clock tomorrow morning for high treason. Lord Robert Cecil, minister of war, today made known to the Associated Press that it was the British government's determination not to reprove Sir Roger.

While the government maintains silence as to the final efforts made in behalf of Sir Roger, it is known that petitions were received as late as today. The foreign office says no communication has been received from the state department at Washington requesting a reprieve.

The whole subject surrounding Sir Roger's case has been seriously considered by the cabinet, and the determination to let the law take its course proved unalterable. The decision of the government will cause some surprise, as the opinion had been widespread that the sentence of Sir Roger would be commuted, at the last moment, to life imprisonment.

Honored with knighthood—a title since taken from him by King George's order—for his many years of service for Great Britain as consul and consul general, Roger Casement assumed leadership, at a period of his country's crisis, in the recent Irish rebellion, the plans for which were laid while Casement was in Berlin, where he was reported to have negotiated an understanding with the German imperial authorities.

British naval supremacy brought an abortive close to Casement's plans. The German tramp steamship on which there was transported an armed expedition from Germany nearly to the west coast of Ireland in April of this year was blown up by its own crew when the latter foresaw that it was inevitable that the blockading English warships would capture it. The crew were made prisoners. The tramp had been conveyed from Kiel by a German submarine, from which Casement and a companion landed on Irish soil, where they were taken into custody before their plans matured.

In May, Casement was given a preliminary hearing and was committed for trial on the charge of high treason. Late in June the trial was begun,

Casement pleading not guilty and uttering a denial that he had worked in Germany's interests and that he had accepted German gold as a bribe. The court's verdict was guilty, and the sentence of death by hanging was, after appeal by his counsel, confirmed by the court of criminal appeals, late in July.

The London press generally approved the fate legally fixed for Casement, but in America persistent efforts were made to save the noted prisoner from death. In Washington, a resolution was introduced in the senate which would have President Wilson intercede with the British government, and numerous petitions received at the white house from many sources asking that a plea for clemency be cable. The senate resolution was not adopted. President Wilson took no official action. In England, the Manchester Guardian and a number of other papers pleaded for mercy and petitions asking for a reprieve were circulated in London. Adherents of John Redmond forwarded to Premier Asquith a petition signed by six bishops, twenty-six members of parliament and fifty-one other persons, including a number of educators.

Pope Benedict interceded in Casement's behalf, endeavoring to obtain grace for him from the British government, influential Irish nationalists having urged upon the pontiff that the prisoner was not a traitor, but was inspired by Irish patriotism.

Will Transfer Guy Hartman

Santa Fe, N. M., Aug. 2.—Guy Hartman, scout with the Pershing punitive expedition, indicted in the eastern district of Arkansas for violation of internal revenue laws, will be taken to Fort Smith by the United States marshal's office following receipt today of an order for the transfer by Judge Robert Lewis in Denver. In the absence of the federal judge here, Hartman has been held in the penitentiary here pending the transfer.

WASHINGTON MAY PREVENT STRIKE OF RAILROAD MEN

U. S. CHAMBER OF COMMERCE DECLARES STRIKE IS INEVITABLE UNLESS STRONG MEASURES OF INTERVENTION ARE SPEEDILY INTRODUCED.

SETTLING QUESTION BY VOTE

Committee of Fifty Men, Counting 400,000 Votes Cast by Railroad Men, Find Most of Them Favor Striking Unless the Railroads Grant Them an Eight-hour Day.

FINAL DASH TO SEA MADE LAST NIGHT BY GERMAN UNDER WATER FREIGHTER

Departure to Sea Follows 18-Mile Dash Through Lower Chesapeake Bay—Reaches Capes Just After Dusk—No Allied Cruisers Visible When She Passes Through.

WHETHER SHE SUBMERGED IS UNKNOWN

Observers on Tug Timmins and on Newspaper Dispatch Boat Only Know She Disappeared Unharmd and Had a Clear Field Ahead to Point Where She Could Submerge Safely.

Norfolk, Va., Aug. 2.—The German submarine merchantman Deutschland passed quietly out of the Virginia capes at 8:30 o'clock tonight on her homeward voyage, apparently unobserved by the allied warship patrol waiting outside the three-mile limit.

She was accompanied to the capes only by the tug Thomas F. Timmins, which had conveyed her down the bay from Baltimore, and by a newspaper dispatch boat.

Her departure to sea followed an eighteen-mile dash through the lower Chesapeake bay. After proceeding slowly most of the way down, she increased her power at 6:30 and reached the capes just after dusk. None of the allied cruisers was visible as she passed through.

Whether she submerged before reaching the three-mile limit is unknown. The two accompanying boats only know that she disappeared unharmd, and that to all appearances she had a clear field ahead to a point where she could completely submerge in safety.

Half an hour after the last light of the Deutschland had disappeared, the Timmins, seemingly satisfied with her work, turned back and headed up the Chesapeake bay in the direction of Baltimore.

HID DURING PART OF DAY.

During part of the day the Deutschland had remained hidden at a cove in Chesapeake bay. For several hours before the beginning of her final dash she lay in a secluded retreat near Tangier island, about fifty miles above Cape Henry. The steamer Somerset and the government buoy tender Ivy reported during the early afternoon that they had passed her at that point. The press boat then took a position near the dividing point of the Old

Point and Cape Henry channels and awaited the coming of the undersea vessel.

APPEARS JUST BEFORE SIX O'CLOCK.

Shortly before 6 o'clock the first sight of the craft was obtained. Apparently she was about five miles away and was low in the water, only her conning tower showing. The Timmins was a short distance behind and they were traveling about seven miles an hour. When near the entrance to Mobjack bay, the Deutschland sighted the press boat and immediately reversed herself and appeared to be making for the bay. After running for about two miles, she again headed south until she was abreast the Timmins and then both vessels put on full speed ahead toward the press boat. Suddenly they turned off as if to go down the Old Point channel, but when the dispatch boat made for the same channel they changed their course and headed directly for Cape Henry.

CREW WORE OILSKIN COATS.

As the Deutschland approached, it was apparent that she was carrying false superstructure, slightly lower than her conning tower. It was straw-colored and blended with the oilskin coats worn by her crew, who crowded the deck. When about a mile from the press boat the submarine began to clear away the false superstructure and take soundings as if preparing to dive. Just as the superstructure was cleared the Timmins moved ahead of the undersea liner and signalled that the boats intended to pass on the starboard side. Immediately both vessels increased their speed and put over to the starboard.

As the Timmins came alongside the press boat at a distance of perhaps 100 feet and with the Deutschland moving slowly close to her starboard side, Cav-

U. S. Tenth Cavalry Enjoys Celebration Anniversary

Headquarters American Punitive Expedition in Mexico, July 30.—By motor truck to Columbus, Aug. 2.—Mimic battles and rescues under fire featured the pageant with which the Tenth United States cavalry today celebrated the twentieth anniversary of its formation. This fighting unit, commissioned at what is now Fort Clark, July 31, 1896, most of its life has seen service west of the Mississippi, but in addition to winning laurels in wars against the Indians,

it has distinguished itself at Santiago, Cuba, in the Philippines and most recently in Mexico, notably at Carrizal. The anniversary celebration given in the early evening before regimental officers and soldiers and all former officers of the regiment now with the expeditionary column, was unique in the annals of military anniversaries and was conceived by Lieut. Col. Charles Young of the Tenth, a West Point graduate, who has reached the highest army rank ever attained by a negro.

Carranza Fails to Make Prompt Answer to Note Agreeing to Communion

Washington, Aug. 2.—Officials of the de facto government of Mexico have been favorably impressed, according to information reaching the state department, by the suggestion of a joint international commission to consider border problems, but no definite indication has come as to when General Carranza's reply may be expected.

At the Mexican embassy it was said the reply might be received tomorrow, although officials would not disclose on what information the statement was based.

Neither the state department nor the embassy would say what official position the de facto authorities would take in regard to the American proposal that the commission be authorized to discuss other matters than the military situation on the border.

Officials would not say what matters in addition to the military situation it was desired that the commissioners take up. Any consideration of the internal

affairs of Mexico, it was said, must arise on motion of the Mexican government itself. If the economic and financial situation of the southern republic were deemed by the Mexican commissioners to be material for discussion at any point, the American members would be instructed to undertake it. The possibility that from such a discussion might be developed a plan under which American bankers could go to the aid of the de facto government, it was pointed out, would rest wholly upon the initiative of the Mexicans.

Private advices today from Mexico indicated that new problems are pressing on General Carranza with the spread of labor troubles. No details were given, but it was reported that discontent was spreading among Mexican railroad employees and that an extensive tie-up of lines was threatened.

The state department had no reports on this subject. The Mexican embassy had heard something of the trouble but had no official knowledge of it.

"Very Cruz Issue" War Money Is Now Redeemed

Mexico City, Aug. 2.—A decree issued by the treasury department today provides that all paper currency known as "the Vera Cruz issue," which was deposited for exchange before August 1 would be exchanged for the last issue of "un-

counterfeitable" bills at the ratio of ten to one. All the Vera Cruz not deposited for exchange before August 1 is now null and void, according to the decree and persons attempting to pass the money will be prosecuted.

Securing Honorable Peace Is Discussed in Many of the Larger German Cities

Berlin, Aug. 2.—(9:56 p. m.)—The announced meetings of the national committee for securing an honorable peace were held in about forty of the larger cities of Germany last night, but at none of the meetings did the moderates give any precise statement concerning the conditions of peace as the moderates would like to see them. The speakers usually dwelt on generalities, rarely going beyond the chancellor's declaration with regard to peace.

Prof. Adolph Harnack was a speaker at the Berlin meeting in the great Philharmonic hall. He made no surprising statements regarding the aims of the war, which he specified as the thrust-

ing back of Russia from eastern Europe, where she was an intruder, to the east, where she had her mission, and to the west where England was the uncontrolled ruler of the sea and Belgium her vassal.

Professor Harnack warned his auditors against expecting or demanding too much from the results of the war, as Germany must remember the lot of her confederates as well as her own success. He appealed to his hearers to have confidence in the administration, which he said had done its utmost to prevent the war, and the attitude which toward certain neutrals history would some day justify

## THE GROCERY SO DIFFERENT

Geo. G. Stubblefield, Prop.

## W. D. LACY DECLARES COTTON PROSPECTS GREATEST IN YEARS

"I am hearing the best reports on crops that I have heard since 1900," said W. D. Lacy, president of the Citizens National Bank, yesterday, speaking of conditions in the Waco territory.

Mr. Lacy said that the government reports show that cotton is not doing so well and has an unfavorable outlook east of the Mississippi river, while just the reverse is true in the territory all around Waco, while corn is probably better than it has been in almost a decade, with a fair crop along other lines, putting this section in an encouraging condition. Mr. Lacy thinks that conditions already are improving in response to the excellent outlook, and that "unless some unforeseen and improbable disaster should overtake the territory of this section the Waco territory and in fact most of the state should be in fine condition."

In view of the well known conservatism of Mr. Lacy his views are most interesting and heartening, and will add to the cheerful feeling already prevailing in Central Texas. Mr. Lacy said that reports from his farm were all that could be desired, and that this seems to be the general condition throughout the Waco section.

## Upward Trend Cotton Prices Is Favorite Hope of County

Waco and McLennan county people have been watching with much interest the recent tendency towards a fall higher point of the cotton market, and have taken much interest in seeing the upward trend.

With cotton looking fine nearly all over this section, and with the price around 13 cents a pound, it is small wonder that the people here are watching developments keenly, as the action of cotton at this time means much to the whole section; the price of seed, also, is very high, and this will add several hundred thousand dollars to the income from this county alone if a good yield is made, as is promised at present.

With cotton doing so well, some have already sold a part of their crop for 12 cents, others holding, hoping to get even more than that.

## Waco Dental Society Meets Tonight

The Waco Dental society will meet tonight in regular session at the office of Dr. B. B. Bray in the American building. Dr. Bray will be the chief speaker of the occasion, and the assembled dentists will discuss the subject which he may choose to talk about. The meeting is expected to be one of interest, and it is hoped that there will be a large attendance, despite the hot weather, which serves as somewhat of a deterrent in such cases. The meeting was erroneously announced for Wednesday night.

## Six Times as Many Babies Die in August as in December

This the United States Government has discovered. It is summer complaint that kills more babies in summer—and

summer complaint almost always comes from raw cow's milk.

To keep your baby serene and happy through the long hot days and nights—nurse him if you can. If you can't, give him the nearest thing in the world to mother's milk—

## Nestle's Food

(A Complete Food—Not a Milk Modifier)

Don't force your baby to struggle through his hardest time on raw cow's milk, which alone does not give him the right substances to build brain and bone. Don't try to force his little stomach to struggle with the indigestible baby to diaphanous, scarlet fever, and summer complaint. Cow's milk brings all these to baby will grow big—have a good digestion—and be free of sickness if you give him Nestle's—it contains all your baby's needs—it is digestible and the most delicate little stomach can take. Free from all germs. Cow's milk is the basis of Nestle's—by cow's milk, purified from dairies—with the tough curd modified,

with the baby's needs added. It comes to you in a powder—packed in an airtight can. You add only fresh water and boil. It doesn't sour. It is safe. Send the coupon for a sample can (enough for 12 feedings) and see how Nestle's makes your baby happy.

## Current Events in Woman's Sphere

MRS. LILLIE DONNELL STRAIN, EDITOR  
1110 South Fifth St. Telephone 3467

### Social Calendar for This Thursday.

Executive Board City Federation of Missions with Mrs. L. Aubrey, 9:30 a. m.

Woman's Day at the Huaco club, 10:30 a. m.

The T. E. L. class of Columbus Street Baptist Sunday school with Mrs. J. H. Hall at the Kentucky apartments, 5 to 7 p. m.

Catholic Study club with Mrs. A. A. Davis, 1513 Washington street, 4 p. m.

Mrs. J. M. Dawson compliments Miss Ruby Sessions at her home, South Fifth street, 5 p. m.

Missionary Society of Austin Avenue Methodist Church.

For this summer the woman's auxiliary of the Austin Avenue Methodist church is having only one meeting each month. On Friday of this week occurs the regular August meeting. Mrs. W. W. Lastinger will conduct the program and Mrs. J. H. Hall the Bible lesson. Mrs. B. C. Nettles, the president, urges a full attendance of the women.

### The Y. W. A. Meets With Miss Jenkins.

The Y. W. A. of the First Baptist church met on Tuesday morning with Miss Hattie Jenkins in her South Fifth street home with quite a good attendance, considering the warm weather. The regular missionary program was carried out in full. Plans regarding the yearly box to be sent by these young ladies to Buckner's Orphan Home, also a contemplated shower for the sanitarium, were enthusiastically discussed before adjournment. Miss Jenkins served delicious iced watermelon and peaches.

### Miss Anna Frye Jones Entertains.

After the wedding rehearsal at the Gorman residence on Tuesday evening Miss Anna Frye Jones gave a buffet supper at her home on Fort avenue for Miss Margaret Gorman and Miss Charles Schuler. This was among the very prettiest of the pre-nuptial courtesies extended this popular young couple. Enjoying the hospitality were Miss P. A. Gorman, Mr. and Mrs. Edw. Drake, Misses Nora Gorman, Mary Gorman, Ruth Hubby, and the hostess, with Messrs. Pat Gorman, Harry Gorman, Ed Humphries, W. B. Pfaff, Comman, Ed Shear and Azelle Adams.

### Young Ladies' Bridge Club Meets.

Mrs. George J. Rotan entertained the Young Ladies' Bridge club at their regular weekly game on Tuesday at 10 o'clock. The only substitute hand was played by Mrs. Dollie Hobson of Dallas. A beautiful Japanese damask basket was presented Mrs. Eva Prendergast for skill in playing. A fancy bridge score was the consolation, cut by Mrs. Robert Montgomery. For low score a midge deck of cards was given Mrs. Ira W. Seley.

The hostess served a tempting salad plate for the noon hour. The club meets next with Mrs. W. S. Witte.

### Miss Nell Baker Honored.

Miss Nell Baker of Austin, who is visiting Miss Margaret Sleeper, is having several affairs planned in her honor.

Tuesday evening a crowd enjoyed an eight-mile motor trip to the farm of Mr. T. Rucker Stanford for a watermelon cut. In this gathering were Misses Margaret Sleeper, Alice Halbert, Mildred Halbert, Florie Glass, Alice Ruth Stanford, Lois Smyth, Ellen Forsgard, Lucile Gooch, Mary Bell Wood, Messrs. R. H. Halbert, Harold Gooch, Barton, T. Edgar, Johnson, T. Rucker Stanford, J. D. Isaacs, Percival Rice of Austin, Milton Daniels, with Misses Pauline Carrington, Ada Risher and Mrs. R. H. Baker of Austin.

### Mrs. H. W. Carver Has Hippodrome Party.

Mrs. H. W. Carver complimented her sister, Mrs. Herbert Rowntree of Dallas, with a Hippodrome box party on Tuesday afternoon. In this Mrs. Carver also paid a courtesy to the June bride, Mrs. Fred Smith enjoying several reels of pictures, Mrs. Carver assembled the guests in her attractive home where musical numbers added to the pleasure of the evening. Mrs. Rowntree was vocalist of unusual sweetness and sang to the accompaniment of Miss Sue Herrick. Mrs. Smith is also recognized as a pianist of rare ability.

touch and gave pleasure to the guests. Refreshments of cream and cake were served at the close of the evening. The invited guests were Messrs. J. B. Smith, J. W. Baker, Sam Hannon, O. K. Stetler, Fred Smith, J. W. Holloway, R. H. Coleman, George Stubblefield, Guy Daughtrey, R. J. Hyde, J. H. Womack, G. T. Dring, J. H. Jackson, Howell McCullough, Herbert Rowntree of Dallas and Miss Sue Herrick.

### Miss Sloan Has Birthday Party.

Miss Iva Sloan entertained her friends with a delightful lawn party Tuesday evening when seven tables of players enjoyed the game of bunco. The lawn was attractively lighted with Japanese lanterns and electric bulbs. Miss Stella Allen was given a Friendship book for her successful playing and Miss Rabel Jones was the recipient of a beautiful prize. After the game the guests were invited into the dining room, where delicious refreshments were served. As the guests were departing, a pretty birthday cake was brought into the room which, to the surprise of the guests, told the secret that Miss Iva Sloan had passed another milestone in her life. The pretty cake gave in its cutting, the Pink to Miss Stella Allen the dime to Miss Madge Sanger and the thimble to Mr. Caldwell.

Those enjoying this evening were Misses Rubea Jones, Florence Schuler, Flora Reese, Ethel Deveny, Rosalie Ketton, Christine Fabre, Addie Tubb, Stella Allen, Edna Tubb, Frances Sanger, Madge Sanger, Nevada Courtin, Hotense Leonard, and the hostess with Messrs. Coleman Caldwell, John Appell, Leroy Best, Leon Barron, Willie Wood, Irwin Cizius, Lee Jones, Warwick Jenkins Jr., Allen, Woodward Allen, Russell Brewington, Frank Mocha, Ed Eubank and Jim Spratt of Rockdale.

### Miss Alice Baker Hostess.

At Wahfried, the suburban home of her aunt, Mrs. Mordis Falkner, little Miss Alice Baker entertained more than fifty of her friends at a garden party during the late hours of Tuesday. The lawn had been newly cut and set in beautiful order for the party of this only little niece. The wide veranda was inviting with its summer furniture and trailers. From this vantage point the mothers watched the little ones as they greeted their hostesses and formed attractive groups on the grassy lawn. Mrs. Baker and her Falkner served the guests with cream and cake, and puns were enjoyed throughout the evening. Invited were Misses Kate Padgett, Dorothy Bell, Kyles McKinney, Martha and Elizabeth Henshaw, Jane Dodd Moore, Dee Caulfield of McGregor, Frances Zies, Alice Louise Nash, Eugenia Nash, Margaret Nash, Sallie C. Geer, Alma Geer, Margaret Jordan, Margaret Wallace, Margaret Haworth, Mary Buchanan, Dorothy Buchanan, Elva Killingsworth, Caroline Pryor, Elizabeth Burrows, Dorothy Rylander, Ruth Seary, Mandy Lou Tuttle, Edith Seley, Louise Seley, Beulah McGhee, Willie Lee Groner, Evelyn Gay, Mary Stone, Ruth McLendon, Mildred Webb, Puckett, Mary Louise Scott, Louise Weatherly, Evelyn Baker of Stamford, Masters Tom Padgett, Albert Clifton, Jack Davis, Boone McReynolds, Sam Lanham, Joe Mitchell, Albert Boggers, Hubert Foster, Billie Foster, Edward Groner, James Hoskins.

### Society Notes

With the middle of August, Miss Elizabeth Culver and her father, Rev. F. P. Culver, are leaving in their car for Fort Worth, where they will be joined by Miss Dorothy Duncan in a vacation trip to Mineral Wells.

The lecture of Mr. W. P. Lewis on "History of Libraries" does not occur until Friday afternoon on Baylor campus at 8:30 p. m.

Friends have received cards from the Dennis-Wigley party who are en route to California. They write from the Grand Canyon and say they are enjoying the trip immensely. Mrs. LeBaum, formerly Mrs. Keith Watson Matthews, writes friends that they have returned from their wedding trip and are in their own home, Westminster Place, St. Louis. They were met in New York by Miss Janet Matthews, who accompanied them to Boston.

### Society Personals

Miss Mary Bray is in Mt. Calm visiting Miss Willie Syper. Mr. and Mrs. T. C. Edmondson leave today for Nashville, Tenn., to visit relatives.

Mrs. M. P. Norris is visiting in Chickasha and Sapulpa, Okla. Mrs. E. L. Fulkerson and son are at home from a summer's absence in Ohio.

Mrs. R. S. Ross has her sister, Mrs. Jennie McGhee of Coryell county, as house guest since Wednesday.

Mrs. J. W. Byars left Wednesday for the Lampasas encampment. Mrs. Herri Rowntree left yesterday for her home in Dallas after two weeks spent as guest of her sister, Mrs. H. W. Carver.

Mrs. Hugh E. Baker and Miss Evelyn Baker returned to their home in Stamford Wednesday. They were recent guests of Dr. and Mrs. M. D. Baker.

Mrs. A. B. Brinkerhoff of Dallas is the guest of her parents, Dr. and Mrs. J. T. Harrington, South Eighth street.

## Austin May Adopt Waco's Half Fare Street Car Plan

It appears that the city of Austin is about to follow Waco's lead in the matter of half fares for children, and Frank Finks, formerly of Waco, and well known here, has written a letter to Mayor John Dollins asking for a copy of the Waco ordinance. The desired copy, and the probabilities are that announcement will be found in the newspapers of the capital that Austin is going to try to secure the half fare.

It is understood that the cars are at present being operated under the rule which applied to Waco until Mayor Dollins secured the passage of the half fare ordinance.

## BIRD OF A DRESS

Mae Desmond wearing new gown with silhouetted birds on bare back and arms.

Mae Desmond has a back of extreme beauty and is always happy to do anything to attract attention to it. So when it was suggested recently that she paste a silhouetted bird on it, she was more than pleased with the idea. The birds are of velvet and are pasted on the arms as well as on the back.

## Many Local Democrats Will Attend Houston Convention

Quite a number of Waco democrats are preparing to go to Houston for the state democratic convention, which begins next Tuesday, August 8, and it is thought that the attendance from here will be rather larger than usual. The delegation from Waco is headed by Dr. S. P. Brooks, and many of those who were appointed are going to attend. A special sleeper has been arranged on the I. & G. N., and the Katy and other railroads are bidding for the business.

The republican state convention will meet in San Antonio on August 8 and it is likewise thought that there will be a good delegation from Waco to this meeting. There is much interest in the various political gatherings in Texas this year, and in national politics.

## Claimed Katy Has Only Killed Two Passengers

It is claimed that the wreck on the Katy railroad Tuesday which resulted in the killing of the fireman and engineer and the death of one passenger was the second time that a passenger has ever been killed by this road during the whole time of its operation.

One other passenger has been killed prior to the wreck of the Texas Special Tuesday near Lancaster, but that was a man who operated the trains and was not a passenger. The train was on the road seem to bear a charmed life. Probably there is not a railroad in the Southwest which can show such a remarkable record.

## Shipping at Galveston Is Said to Be Lagging

It is stated by Wacoans who have been in Galveston recently that shipping business is lagging and that few ships are coming in and going out of that port.

This doubtless is true of most of the ports of America, as the European war has laid down the ocean carrying trade very much except in the matter of war munitions and food supplies. It is believed, however, that with the movement of cotton added to that of other crops Galveston will soon show an improvement.

## FACE DISFIGURED WITH PIMPLES

And Sore Eruptions. Large, Hard and Red. Caused Itching and Burning. After Two Weeks

## HEALED BY CUTICURA SOAP AND OINTMENT

"For several years I was troubled with pimples and sore eruptions on my face. The pimples were large, rather hard and red, and after a while fostered and came to a head. Then I would open them but they would stay red and fester up again and so on. They were scattered all over my face and caused a great deal of itching and burning and my face was greatly disfigured. After using all the remedies that I could get my hands on, I used them according to directions and after about two weeks the pimples were gone and I was healed." (Signed) Vincent Harbeck, Weaverville, N. Carolina, August 1, 1915.

Sample Each Free by Mail With 32-p. Skin Book on request. Address post-card "Cuticura," Dept. T, Boston." Sold throughout the world.

# The Couriers of Autumn Bring Their Message of Style and Beauty

New Dresses, New Skirts,  
New Hats, New Boots—

Here This Week—Come See and Enjoy Them

Crowding close upon the heels of retreating Summer, the Fall Fashions come trooping on the scene, to delight Milady with their originality and charming "differentness." Goldstein-Migel presents this week an authoritative showing, which will interest every woman. We invite you to come, whether you're ready to buy now or not.

## THE DRESSES—

Navy Blue Leads all other Colors in Silks and Serges  
Prices are \$12.50, \$19.50, \$22.50, \$24.50, \$27.50

Skirts are quite full, and slightly longer than those of the summer season; collars are large, and many dresses are in coat style, while others feature the Moyer Ape effects. Color combinations include navy-and-red, navy-and-leather, navy-and-plaid.

## THE SKIRTS—

The Styles are Many—Prices are \$7.50 to \$27.50

Passeywillows, silk poplins, satins, wool plaids and serges—in black, navy, plaids and checks; the silk skirts have belted yokes or smocked tops, while the serges and plaids are more plain tailored. Buttons and silk braid are much in evidence among the trimmings.

## THE HATS—

Altogether Different in Mode and Trimmings

Velvet, Satin Soleil and Hatter's Plush are the materials of the new hats, the shapes vary widely—from the big Gainsboroughs to the small, pert visor shapes; metallic and iridescent trimmings are most in favor. Colors include Grays, Navy, Burgundy, Seal Brown, Jade Blue and Lizard Green. All prices, from \$4.95 to \$15.00, are to be found in this showing.

## The Pictorial Review Fall Fashion Book

For Only 10c If Bought With a 15c Pictorial Review Pattern

Are you the sort of person who likes frilly, fluffy clothes, or do you prefer the simple tailored effects? It doesn't matter what your type, you will be smartly and correctly gowned if you make your clothes by Pictorial Review Patterns.

## THREE WACO LADIES ARE GUESTS OF NEWS AT BIG HOTEL GALVEZ

Two more ladies won free vacation trips to Galveston yesterday through the Waco Morning News free vacation campaign. The ones who crossed the tape yesterday are Miss Frances Wortham, 1208 North Twelfth street, and Mrs. Lee Bassett, 661 South Seventh street. These two ladies now have nothing to worry about as their vacation trip has been settled and they will go to Galveston for a week as guests of the Waco Morning News, and their railroad fare, accommodations at the Galvez hotel and incidental expenses all being paid for by the Waco Morning News. This makes a total of three who have all earned trips.

The first announcement of this vacation campaign was published in the Morning News three weeks ago and there have been over thirty ladies and gentlemen who have started to earn trips since that time. Before this week is out there will be two or three more who will have finished their work. Those who secure their trip by the end of the month.

One more entry was received yesterday, it being that of Mrs. E. H. McKenzie of Mart. There are a few others who are planning to take advantage of this splendid offer and those individuals should send in their names immediately. This attractive offer will run until August 20. To earn this trip there is a plan in which everyone can succeed; there are no losers. Each one knows what is required of him before entering upon the work. Just secure twelve yearly subscriptions and the trip is yours. It is not a contest, anyone is not required to work against anyone in order to secure the trip. Those who secure this number of subscriptions are permitted to go on their vacation three days after the trip is earned. For doing this small amount of work, the Morning News will pay for seven full days accommodations at the Hotel Galvez, and last but not least, will give the earner of the trip \$10 in cash, which is to take care of incidental expenses.

Those who desire to learn the particulars of this vacation campaign should get in touch with the Vacation Manager of the Waco Morning News immediately. It is an opportunity which no one should miss. Why should any one spend money out of their pocket for a trip that can be earned without practicing any effort. Securing twelve subscriptions is all that is required to earn a trip, and thirty minutes work each day should net one subscription and within twelve days time, without neglecting any duties, your trip can be taken without any expense to you and without any worry as to where you vacation will be spent this summer.

Prepared. "Married a cooking school graduate, you say?" "Yes; but he's no fool."

The first household utensil he bought was a can-opener.—Birmingham Age-Herald.

## Campaign for New Members Builders' Exchange Now On

The campaign for members of the Waco Builders' exchange is to be continued right along, and committees were appointed at the meeting last Tuesday night for this purpose.

A committee which was appointed for this purpose is composed of N. S. Hill, W. T. Bruyere, L. Berger, E. N. Green, William Smith, J. H. E. N. Green, and others. They will be active in securing new applications for membership at the meeting Tuesday night, and everybody was enthusiastic.

Hill Bros. & Co. offered a \$25 prize to the committee getting the greatest number of members by October 1; the Central Electric company offered a prize of \$12.50 to the committee getting the second largest number of members, and the Hodges Electric company offered a prize of \$10 to the committee coming third in the contest.

A vote of thanks was extended to the press of the city, the Raleigh hotel and the Dallas Builders' exchange and Secretary O. N. Liggitt for services rendered.

## Says Cotton Seed Contracts Are as High as \$50

"I have seen quite a lot of cottonseed contracted for delivery during the ginning season at \$50 a ton," said a cotton man who was a visitor in Waco yesterday.

He stated that in his judgment new uses must have been found for this product to make them worth such a fancy price. Whatever the cause, it certainly puts the farmers of this area on their toes to bring as much as a bale seed cotton used to bring.

With the price of cotton where it is, the outlook for farmers would certainly appear to be bright indeed.

## Approaches to Bridge On Washington Street Receiving Squeeze

A coat of the asphaltic oil and fine gravel which is being used on so many of the streets of the city will be put on the approaches to the Washington street bridge this morning, and this coating is expected to deaden the noise, aid in keeping down the dust and generally improve conditions there.

The bridge has been closed for re-flooring of the structure, it will be recalled.

## Fashion's Choice

A soft, refined, pearly-white appearance, the choice of Ladies of Society, is readily obtained by the use of

## Gouraud's Oriental Cream

Refreshing and healing to the skin. The perfect, non-greasy liquid face cream. Use it on the hands. Remove discolorations. Send 10c. for trial size.

FERD. T. HOPKINS & SON, New York City

## WACO CORPORATION ORDERS 700 CARS OF LUMBER PAST MONTH

Wm. Cameron & Co. ordered during July 12,000,000 feet of lumber, this aggregating 700 carloads, and this lumber will be handled through the Waco general offices and part of it will come here and the rest go to other yards of the company in Texas and Oklahoma. This was the largest purchase made by any lumber concern in Texas, and shows the magnitude of the big Waco concern. Evidence of the big proportions of which Waco can boast are numerous, and this is only another example of this character.

The great order shows the confidence felt by this big concern in the immediate future, and indicates that they believe that the future is rosy with promise for big business.

## Don't Let Soap Spoil Your Hair

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulsified coconut oil, for this is pure and entirely greaseless. It's very cheap and beats the most expensive soaps or anything else at all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in; about a teaspoonful is all that is required. It makes an abundance of rich, creamy, lather, cleanses thoroughly and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

## WAHRMUND'S TESTIMONY.

On December 13, 1915, Otto Wahr-  
mund, president of the San Antonio  
Brewing association, testified as fol-  
lows in the suit brought by the state  
of Texas against the breweries, at Sul-  
phur Springs:

Q. Explain fully and in detail the  
funds raised during 1915, stating fully  
the total fund and proportion of each  
contribution; when it was raised and  
for what purpose, and to whom it was  
paid.

A. Mrs. Otto Koehler, myself, Os-  
car Bergstrom, John J. Stevens, hold-  
ers of the San Antonio Brewing associ-  
ation, individually raised during 1915,  
\$12,500, which was paid to L. A. Adoue,  
as trustee for the fund. I do not know  
upon what basis the assessment was  
made, whether upon the barrelage or  
some other standard, or whether it was  
arbitrarily fixed by the brewers who  
attended the meeting, which was fre-  
quently done in raising funds. I am  
quite certain it is not contemplated to  
have any further payments made to  
this fund. The past due accounts, so  
far as I know, was on account of \$4,000  
owing Mrs. Otto Koehler, as executrix  
of the estate of Otto Koehler, deceased,  
for moneys advanced by him on ac-  
count of the election of 1914, and some  
amounts due me for advances I had  
made at different times, and numerous  
other small amounts that I cannot re-  
member in detail, but aggregating,  
with the Koehler amount, about \$70,-  
000. Mr. Adoue sent me of this amount  
\$32,000 to hold as trustee for the con-  
tributors. This is as definite as I can  
be in answering this question at the  
present time. My understanding is  
that several persons interested in Tex-  
as breweries contributed to this fund.

Wahrmond testified again about this  
matter on December 21, 1915, as fol-  
lows:  
Q. I want to ask you, Colonel Wahr-  
mund, about the contribution or the  
fund that was raised this year, par-  
tially for the purpose of defraying ex-  
penses incurred during the 1914 cam-  
paign. Mr. Adoue stated in this testi-  
mony that about approximately \$32,000  
of that money was sent to you.  
A. Yes, sir.  
Q. Now, Colonel Wahrmond, what  
did you do with the money?  
A. Well, I paid out \$7,000, and there  
is still \$25,000 in the bank.  
Q. That was your testimony before?  
A. Yes.  
Q. What is to be done with that  
\$25,000?  
A. That is left entirely with the  
owners of that money.  
Q. Why did they remit you \$32,000?  
A. Well, I will tell you, there are  
several reasons for that. I can only  
say, Mr. Adoue said he didn't care to  
have the custody—you might say, the  
responsibility—of all this money if  
anything should happen to him, and  
he thought he would divide up.  
Q. Mr. Adoue testified that he re-  
mitted this money in part on account  
of the indebtedness that had already  
accrued on account of the 1914 cam-  
paign?  
A. Yes.  
Q. Was any part of this money ever  
contemplated to be used?  
A. We talked about loaning money  
for making an investment as a loan for  
a certain party, either in the purchase  
of an interest in a bank in Houston, or  
buying stock in a surety company lo-  
cated, I think, in Denison, and also a  
surety company in Waco. After Gov-  
ernor Colquitt went out of office—he  
being my personal friend—I asked him  
what business he was going to engage  
in, and he spoke of the bank above  
referred to and the two insurance com-  
panies, one of which was located at  
Denison, by the name of the South-  
western Surety Insurance of Okla-  
homa-Texas, headquarters Denison. He  
already owned stock—at least he told  
me he already owned stock—in said  
company. We discussed the question  
of loaning him money for the purpose  
of acquiring more stock in the com-  
pany that he already had stock in, or  
a reasonable amount to purchase an  
interest in the bank or the Waco In-  
surance company, and a part of this  
money was raised for this purpose;  
but the bank stock required so much  
money that was given up entirely, and  
so was the Waco company. I want it  
distinctly understood that the idea was  
not to give Governor Colquitt any  
money, but to loan it to him for the  
purpose of starting in business; that  
is, to buy stock, if he saw fit, or invest  
it in such manner as he saw fit. The  
matter has not gone any further than  
our contemplating doing this from the  
fact that he has entered politics again  
as candidate for United States senator.  
The money that I have on hand and  
deposited in bank, which I have testi-  
fied about, was to be used for that pur-  
pose, for making this loan, but it was  
not made and we have not determined  
what disposition to make of it.

## LOCAL INTEREST IN STRIKE.

The large gathering on the court  
house square last night to hear the  
railroad employees' point of view in the  
proposed strike presented, was evi-  
dence of the great interest being taken  
in the problem. As in most questions  
of vital import, there are two sides to  
be considered in this movement and  
either, according to the history of such  
movements, may go to the extreme.

Railroad men claim the railroads  
would have the people believe they are  
contending for higher wages, while  
they assert they are really contending  
for an eight-hour work day.

The railroads are appealing to the  
people on the basis that a rise in the  
alleged-to-be already high wages paid  
the employees, would necessitate rais-  
ing traffic rates, which means placing  
the burden on all the people. It is  
claimed by some the railroads in this  
instance have proven to be open to a  
fair settlement of the question by  
agreeing to arbitrate, whereas the rail-  
road men have refused arbitration.

The result of the vote taken among  
the 400,000 railroad brotherhood men  
will soon be known, but indications are  
it will show an overwhelming majority  
in favor of striking. Should this strike  
be called, it will be one time at least  
that the action will have been taken in  
a true democratic way, as the decision  
was left to the majority vote.

## NEW YORK LIMITS HEIGHT OF BUILDINGS.

The day of restriction rules in New  
York. Roth building height restrictions  
and industrial segregation are em-  
bodied in that city's new building  
ordinances.

It appears the mania for construct-  
ing the tallest buildings and the most  
of them in a given area in the world,  
has so congested pedestrian traffic  
that a let-up has to be brought about.  
The tallest building permitted under  
the new ordinance is stated to be two  
and one-half times the width of the  
street.

## WILL END OF WAR LOWER WAGES?

That we are facing a labor surplus  
after the war, and that in consequence  
men now getting enormous wages must  
accept a reduction, is the belief of the  
Engineering Record. That journal ex-  
pects that the reduction will be taken  
with bad grace and that industrial  
conflict will ensue.

Some people disagree with that idea,  
as judging by the enormous totals re-  
ported from week to week to have been  
killed in the conflicts, they are inclined  
to believe the war will not stop until  
there are not enough men left to fight.

## Editorial Round-Up

Don't Be a "Has Been."  
If you would retain your youth and  
vigor and keep always in the front of  
your profession or trade keep forever  
before you the necessity of study, study  
which tends to lighten the burdens in  
your specialty and which will keep  
you out of the "has-been" class.—  
Beaumont Journal.

Dynamiting The Menace.  
Dynamiting The Menace office is as  
foolish as it is criminal. Back of the  
whole semisecret and anti-Catholic  
propaganda is the very anti-American  
assumption that there are evils abroad  
in the land for whose cure a sane pub-  
licity is inadequate and secret police  
action necessary. There is only one  
way to combat such a creed; that is  
by the very weapons it despises and  
neglects—patience, publicity, tolerance,  
reason.—St. Louis Republic.

Socialism and Municipal Bonds.  
The municipal bonds of Schenectady,  
N. Y., Milwaukee, Wis., and Patterson,  
N. J., are under the ban of certain  
bankers in an up-state city in New  
York on the ground that they have,  
as a matter of principle, decided to buy  
no municipal bonds of any city where  
socialistic mayors had been elected or  
socialistic experiments tried. The ban  
on bonds of these cities was announced  
after bonds of these three cities had  
been offered by a New York dealer.  
They were high grade bonds, with a  
fine rating and offered on a 4 1/2 per  
cent to 4 3/4 per cent basis.—Financial  
World.

Hogs Eat Denver's Garbage.  
Why the garbage-disposal problem in  
Denver has been solved with appar-  
ently so little friction has been a mys-  
tery to many Eastern city officials.  
Successful disposal by feeding to hogs  
has generally been considered a proce-  
dure restricted to comparatively small  
cities; nevertheless, the garbage of  
Denver, with its 225,000 people, has  
gone to a hog ranch for the last ten  
years, and the process is more of a suc-  
cess today than ever before. A suc-  
cessful hog ranch of enormous pro-  
portions, on which garbage is not the  
only diet, was the answer, found by  
a representative of the Engineering  
Record who visited the ranch recently,  
and who sets forth his observations in  
the current issue of that journal.

## How Are We Going to Protect Our Dye Industry?

The Hill tariff bill and the Kitchin  
tariff bill were both introduced into  
congress because of the insistence of  
dye-using interests that something be  
done to relieve the dye shortage. Dr.  
Bernhard C. Hesse, dye expert writ-  
ing in Metallurgical and Chemical En-  
gineering, says that the Hill bill  
which asks for rates recommended by  
our dye makers offers a reasonable  
chance of developing our industry,  
while the Kitchin bill, which is a mod-  
ified Hill bill, offers far less chance.  
The coal-tar dye industry has grown  
in Germany from obscure beginnings  
to an industry that reaches into every  
phase of national and international  
commerce and industry. At present  
we have made great progress in this  
country, much of which will remain  
in the hands of the present tariff  
be changed or not, but it will be in  
essence an assembling industry still. Its  
future lies in our own hands to make  
or mar.

## MARLIN IS RAISING FUNDS FOR Y. M. C. A. WORK ON BORDER

STATE SECRETARY L. A. COUL-  
TER HONOR GUEST AT  
BANQUET.

## CANDIDATES FILE ACCOUNTS

Marlin Autoists Leave for Extended  
Tour to Points of Interest Among  
Colorado Resorts.

Marlin, Aug. 3.—A banquet was  
given last night at the Majestic hotel  
in honor of Mr. Coulter, who is repre-  
senting the interest of the establish-  
ment and equipping of Y. M. C. A.  
institutions along the border for the  
soldiers stationed there. In view of the  
fact that Marlin has sent a company,  
which is stationed at Mercedes, an as-  
signment of \$150 was asked at this  
place. The funds are now being raised  
and will be forwarded today.

Candidates filing statements of ex-  
penses in the recent campaign, since  
Saturday, are as follows: B. H. Rice,  
court of appeals, \$505.95; I. T. Peavy,  
constable, \$17; D. H. Moore, constable,  
\$5; B. A. Holze, justice of the peace,  
\$13.75; J. Rector, representative,  
\$43; C. E. Monday, representative,  
\$209.66; J. T. Mostyn, commis-  
sioner, \$39.25; J. C. Evans, justice of  
the peace, \$27.50; W. J. Jenkins, con-  
stable, \$33; J. E. Davis, justice of the  
peace, \$5.02; R. K. McIntosh, constable,  
\$37.25; Charles Mitchell, justice of  
the peace, \$39.50; J. W. Grisham, jus-  
tice of the peace, \$11; John Priest, con-  
stable, \$25.25; W. T. Watkins, commis-  
sioner, \$67.50; R. E. Wolff, justice  
of the peace, \$25.50; Tom Bartlett,  
county attorney, \$87.50; E. H. Childers,  
treasurer, \$78; A. R. Scheef, commis-  
sioner, \$56.80; G. A. Prince, county  
school superintendent, \$42.50; J. A.  
Bailey, sheriff, \$187.25; C. H. Platt,  
sheriff, \$126.50; Nat. Llewellyn, chair-  
man, none; H. L. Cobb, justice of the  
peace, \$45.35; W. H. Calvert, justice of  
the peace, \$13; H. T. Barton, commis-  
sioner, \$35.75; J. D. Barton, district  
clerk, \$60; T. W. Adams, justice of the  
peace, \$15.50; A. B. Curry, commis-  
sioner, \$59.50.

Rev. C. G. Howard has just returned  
from Chilton, where he has been con-  
ducting a series of meetings in the  
Baptist church. He reports a very  
successful revival and the addition of  
several members to the fold.

Mrs. Lena Reed has just returned  
from an extended visit in New Mex-  
ico. She was accompanied by her  
daughter, Mrs. Lucille Goodrich, who  
resides in Dallas.

Mrs. T. A. Cheeves, Miss Pauline  
Cheeves, T. A. Cheeves, Jr., Miss Mad-  
eline Bartlett, Mrs. B. J. Linticum,  
L. B. and Albert Chilton formed an  
auto party who left this morning for  
an extended visit in Colorado. They  
will go to Manitou and from there will  
visit other points of interest. Mrs.  
Clark Linticum and children will  
leave today and await their arrival in  
Manitou.

Mrs. Sallie Oltorf left here this  
morning and will accompany Mrs. B. J.  
Linticum as far as Amarillo for an  
extended visit to relatives there.

The first bale of cotton of the season  
was brought in this afternoon by E.  
Bowers. A premium list is being cir-  
culated.

## Parson Brigade In Sixth Annual Reunion at Itasca

Itasca, Texas, Aug. 2.—The town is  
full of people today, the occasion be-  
ing the thirty-sixth annual reunion of  
the Parson cavalry brigade. Seventy-six  
members of this brigade and many  
other veterans had registered up to 4  
o'clock this afternoon. The arrange-  
ments committee, with fifty automobiles  
took the old soldiers to Flies Valley  
for a watermelon feast this after-  
noon.

Judge Nelson Phillips of Austin was  
today's principal speaker. Local tal-  
ent rendered a patriotic program to-  
night. The town is decorated with  
Confederate and United States flags  
and bunting.

## SCHOOLS GET \$7 PER PUPIL.

Scholastic Enumeration Shows 1,246,896  
Children With Receipts \$8,800,000.  
Austin, Aug. 2.—The state board of  
education today fixed the state per  
capita appropriation for the year  
1915-17 at \$7.00 per pupil. The ap-  
portionment was based upon estimated  
receipts of \$8,800,000 and scholastic  
enumeration of 1,246,896 children. The  
per capita is considered high, in view  
of the fact that the census enumeration  
for the year 1915 includes an extra  
year.

Heretofore the scholastic age limits  
were 7 to 16, inclusive. The thirty-  
fourth legislature extended the scholastic  
age limit to include all children  
17 years old, which occasioned an in-  
crease of about 80,000 scholastics. This  
number, added to the natural annual  
increase of about 40,000 scholastics.

## Texas Policyholders to Get Hearing.

Austin, Aug. 2.—The insurance case  
of the Texas Policyholders' Protective  
agency at San Antonio against the  
state fire insurance commission, has  
been set by Judge C. A. Wilcox of the  
Twenty-sixth district court for Sep-  
tember 18. A. R. Andrews, member  
of the commission, said that a general  
demurrer will be filed. This is the  
case in which the plaintiff is seeking  
to compel the defendant commission  
to vacate its order promulgating the  
Texas standard fire policy.

## Texas Chemists Analyze Near Beer.

Austin, Aug. 2.—Chemists in the  
state pure food department today com-  
pleted the analysis of a barrel of near-  
beer, which it appears has been of-  
fered for sale to soldiers located at  
Camp Exchange, Del Rio. The result  
of the analysis disclosed that the bev-  
erage contained a low percentage of al-  
cohol. The near-beer was sent to the  
department by the defendant James  
Kirk of the coast artillery stationed at  
Del Rio, who requested that an analysis  
be made to determine whether or not  
the beverage contained alcohol.

We claim that TEXACO GAS-  
OLINE gives more mileage.

This claim is proven in countless  
automobiles, in the motor trucks  
of large concerns, in thousands  
of motor boats and service aéro-  
planes.

## CITY NEWS BRIEFS

The plea of Park Commissioner J. D.  
Hawlow for co-operation in the work of  
keeping the parks in proper condition  
is meeting with some response, as the  
people realize that his words were cor-  
rect and timely.

The remains of Fay Livingston were  
yesterday morning sent to Salem, Tex-  
as, for interment. The funeral will  
take place there today. The body was  
shipped by the L. C. Puckett Under-  
taking company.

The crowds on the streets of Waco  
indicate that the city is already wak-  
ing up for fall activities, and it is be-  
lieved that traffic policemen will have  
to be maintained at several additional  
points for awhile this fall in order to  
handle the great throngs of people.

The city commission meets this  
morning in regular weekly session, and  
the regular routine will receive at-  
tention. There is nothing of special in-  
terest to come before the commission-  
ers, so far as known, but of course  
something may pop up at the meeting,  
as the city duds have many things on  
hand usually.

Yesterday was another of the very  
hot days, and there was much com-  
plaint of the heat. It was a peculiar,  
enveloping, penetrating heat, which  
made itself felt very decidedly, and  
put local weather prognosticators to  
guessing on the outcome, many ventur-  
ing the opinion that there will soon be  
a decided change in the weather.

The white way on Austin street will  
lead on to other improvements of the  
city. The white way is believed. This is  
one reason why the Y. M. B. L. was

so anxious to get this ornamental  
lighting system under way, so that the  
educational effects might be felt as  
soon as possible. It is hoped to have it  
working nicely by the time of the Cot-  
ton Palace.

The flowers around the city hall are  
beautiful, making the little park spot  
there a thing of beauty. The office of  
Mayor John Dollins, upstairs, also is  
embowered with flowers and shrubs,  
and is in keeping with the grounds  
about the building. There is a ten-  
dency all over the city toward beautifi-  
cation of residences and grounds, and  
the city government wants to lead the  
way.

The Baptist sanitarium is expected  
to be under way within about sixty  
days now, and will serve to meet a  
growing need, in the view of many.  
The Providence sanitarium has shown  
the need of hospitals here and opened  
the way for others. Many believe that  
a big hospital is equal to bringing in a  
new railroad to a city, in a commercial  
sense, and from the humanitarian point  
of view it becomes increasingly im-  
portant.

Officer C. B. Neale, who was hurt by  
a fall from his horse in East Waco,  
is said to be resting well, although  
his bruises have proved very painful.  
His physician says he is not in serious  
danger. The accident happened early  
yesterday morning. When he attempt-  
ed to mount his horse, the saddle turned,  
which caused the horse to become  
unruly, whereupon Mr. Neale was  
thrown to the ground and dragged  
some thirty feet before his foot was  
freed from the stirrup.

## PERSONAL MENTION

Mrs. W. B. Hays left yesterday for  
New York.

J. T. James of Hamilton was in  
Waco yesterday.

C. B. Steele of New York was in  
this city yesterday.

E. W. Pool of Mt. Calm was shop-  
ping here yesterday.

A. E. Hunter of Fort Worth spent  
yesterday in the city.

Coach C. P. Mosley is spending a  
week at Winters with his parents.

A. C. Beckton of the city is spend-  
ing today in Hillsboro with friends.

H. C. Harder and T. M. Wilson of  
Mart left Waco yesterday for Chicago.

M. Pazzard of West was in the city  
yesterday and met many of his  
friends.

Judge Kimball of Meridian was look-  
ing after professional business here  
yesterday.

Maj. John W. Henderson has re-  
turned to Galveston, after a day or  
two spent in Waco.

Judge W. S. Shipp, county judge of  
Bell county, was in Waco on a visit to  
his friends yesterday.

Miss Reba Sessions of Hillsboro is  
spending this week with Mrs. Clyde  
Webb and Mrs. J. M. Dawson.

Clarke Byrd is spending two weeks  
with his parents here. He is with the  
Fourth Texas infantry band at Marfa.

T. C. Grant, a well known cotton man  
of Liberty Hill, was in Waco yester-  
day and met a number of friends here.

Miss Flora Moore, who has been to  
Waxahachie for the last week at a  
house party given by Miss Margaret  
Andrews, returned home yesterday.

Mrs. T. E. Dragna is reported to be  
seriously ill at the home of her mother,  
Mrs. R. M. Hayes, 514 North Eleventh  
street.

Mrs. C. C. White of Rosebud and  
Mrs. W. E. White of Rosebud are vis-  
iting Mrs. A. C. Goodwin, 2112 Barnard  
street.

W. W. Cameron with his daughter,  
Eleanor, is leaving for Los Angeles,  
Cal., to join Mrs. Cameron there for a  
vacation of several weeks.

J. B. Cooper and family and H. M.  
Miner and family have left in autos

## WAHRMUND'S TESTIMONY.

On December 13, 1915, Otto Wahr-  
mund, president of the San Antonio  
Brewing association, testified as fol-  
lows in the suit brought by the state  
of Texas against the breweries, at Sul-  
phur Springs:

Q. Explain fully and in detail the  
funds raised during 1915, stating fully  
the total fund and proportion of each  
contribution; when it was raised and  
for what purpose, and to whom it was  
paid.

A. Mrs. Otto Koehler, myself, Oscar  
Bergstrom, John J. Stevens, hold-  
ers of the San Antonio Brewing asso-  
ciation, individually raised during 1915,  
\$12,500, which was paid to L. A. Adoue,  
as trustee for the fund. I do not know  
upon what basis the assessment was  
made, whether upon the barrelage or  
some other standard, or whether it was  
arbitrarily fixed by the brewers who  
attended the meeting, which was fre-  
quently done in raising funds. I am  
quite certain it is not contemplated to  
have any further payments made to  
this fund. The past due accounts, so  
far as I know, was on account of \$4,000  
owing Mrs. Otto Koehler, as executrix  
of the estate of Otto Koehler, deceased,  
for moneys advanced by him on ac-  
count of the election of 1914, and some  
amounts due me for advances I had  
made at different times, and numerous  
other small amounts that I cannot re-  
member in detail, but aggregating,  
with the Koehler amount, about \$70,  
000. Mr. Adoue sent me of this amount  
\$22,000 to hold as trustee for the con-  
tributors. This is as definite as I can  
be in answering this question at the  
present time. My understanding is  
that several persons interested in Tex-  
as breweries contributed to this fund.

Wahrmond testified again about this  
matter on December 21, 1915, as fol-  
lows:

Q. I want to ask you, Colonel Wahr-  
mond, about the contribution or the  
fund that was raised this year, par-  
tially for the purpose of defraying ex-  
penses incurred during the 1914 cam-  
paign. Mr. Adoue stated in this testi-  
mony that about approximately \$32,000  
of that money was sent to you.

A. Yes, sir.

Q. Now, Colonel Wahrmond, what  
did you do with the money?

A. Well, I paid out \$7,000, and there  
is still \$25,000 in the bank.

Q. That was your testimony before?

A. Yes.

Q. What is to be done with that  
\$25,000?

A. That is left entirely with the  
owners of that money.

Q. Why did they remit you \$32,000?

A. Well, I will tell you, there are  
several reasons for that. I can only  
say, Mr. Adoue said he didn't care to  
have the custody—you might say, the  
responsibility—of all this money if  
anything should happen to him, and  
he thought he would divide up.

Q. Mr. Adoue testified that he re-  
mitted this money in part on account  
of the indebtedness that had already  
accrued on account of the 1914 cam-  
paign?

A. Yes.

Q. Was any part of this money ever  
contemplated to be used?

A. We talked about loaning money  
for making an investment as a loan for  
a certain party, either in the purchase  
of an interest in a bank in Houston, or  
buying stock in a surety company lo-  
cated, I think, in Denison, and also a  
surety company in Waco. After Gov-  
ernor Colquitt went out of office—he  
being my personal friend—I asked him  
what business he was going to engage  
in, and he spoke of the bank above  
referred to and the two insurance com-  
panies, one of which was located at  
Denison, by the name of the South-  
western Surety Insurance of Okla-  
homa-Texas, headquarters Denison. He  
already owned stock—at least he told  
me he already owned stock—in said  
company. We discussed the question  
of loaning him money for the purpose  
of acquiring more stock in the com-  
pany that he already had stock in, or  
a reasonable amount to purchase an  
interest in the bank or the Waco In-  
surance company, and a part of this  
money was raised for this purpose;  
but the bank stock required so much  
money that was given up entirely, and  
so was the Waco company. I want it  
distinctly understood that the idea was  
not to give Governor Colquitt any  
money, but to loan it to him for the  
purpose of starting in business; that  
is, to buy stock, if he saw fit, or invest  
it in such manner as he saw fit. The  
matter has not gone any further than  
our contemplating doing this from the  
fact that he has entered politics again  
as candidate for United States senator.  
The money that I have on hand and  
deposited in bank, which I have testi-  
fied about, was to be used for that pur-  
pose, for making this loan, but it was  
not made and we have not determined  
what disposition to make of it.

## LOCAL INTEREST IN STRIKE.

The large gathering on the court  
house square last night to hear the  
railroad employees' point of view in the  
proposed strike presented, was evi-  
dence of the great interest being taken  
in the problem. As in most questions  
of vital import, there are two sides to  
be considered in this movement and  
either, according to the history of such  
movements, may go to the extreme.

Railroad men claim the railroads  
would have the people believe they are  
contending for higher wages, while  
they assert they are really contending  
for an eight-hour work day.

The railroads are appealing to the  
people on the basis that a rise in the  
alleged-to-be already high wages paid  
the employees, would necessitate rais-  
ing traffic rates, which means placing  
the burden on all the people. It is  
claimed by some the railroads in this  
instance have proven to be open to a  
fair settlement of the question by  
agreeing to arbitrate, whereas the rail-  
road men have refused arbitration.

The result of the vote taken among  
the 400,000 railroad brotherhood men  
will soon be known, but indications are  
it will show an overwhelming majority  
in favor of striking. Should this strike  
be called, it will be one time at least  
that the action will have been taken in  
a true democratic way, as the decision  
was left to the majority vote.

## NEW YORK LIMITS HEIGHT OF BUILDINGS.

The day of restriction rules in New  
York. Both building height restric-  
tions and industrial segregation are  
embodied in that city's new building  
ordinances.

It appears the mania for construct-  
ing the tallest buildings and the most  
of them in a given area in the world,  
has so congested pedestrian traffic  
that a let-up has to be brought about.  
The tallest building permitted under  
the new ordinance is stated to be two  
and one-half times the width of the  
street.

## WILL END OF WAR LOWER WAGES?

That we are facing a labor surplus  
after the war, and that in consequence  
men now getting enormous wages must  
accept a reduction, is the belief of the  
Engineering Record. That journal ex-  
pects that the reduction will be taken  
with bad grace and that industrial  
conflict will ensue.

Some people disagree with that idea,  
as judging by the enormous totals re-  
ported from week to week to have been  
killed in the conflicts, they are inclined  
to believe the war will not stop until  
there are not enough men left to fight.

## Editorial Round-Up

### Don't Be a "Has Been."

If you would retain your youth and  
vigor and keep always in the front of  
your profession or trade keep forever  
before you the necessity of study, study  
which tends to lighten the burdens in  
your specialty and which will keep  
you out of the "has-been" class—  
Beaumont Journal.

### Dynamiting The Menace.

Dynamiting The Menace office is as  
foolish as it is criminal. Back of the  
whole semisecret and anti-Catholic  
propaganda is the very anti-American  
assumption that there are evils abroad  
in the land for whose cure a sane pub-  
licity is inadequate and secret political  
action necessary. There is only one  
way to combat such a creed, that is  
by the very weapons it despises and  
neglects—patience, publicity, tolerance,  
reason.—St. Louis Republic.

### Socialism and Municipal Bonds.

The municipal bonds of Schenectady,  
N. Y., Milwaukee, Wis., and Patterson,  
N. J., are under the ban of certain  
bankers in an up-state city in New  
York on the ground that they have,  
as a matter of principle, decided to buy  
no municipal bonds of any city where  
socialistic mayors had been elected or  
socialistic experiments tried. The ban  
on bonds of these cities was announced  
after bonds of these three cities had  
been offered by a New York dealer.  
They were high grade bonds, with a  
fine rating, and offered on a 4 1/2 per  
cent to 4 1/4 per cent basis.—Financial  
World.

### Hogs Eat Denver's Garbage.

Why the garbage-disposal problem in  
Denver has been solved was appar-  
ently so little friction has been a mys-  
tery to many Eastern city officials.  
Successful disposal by feeding to hogs  
has generally been considered a process  
restricted to comparatively small cities;  
nevertheless, the garbage of  
Denver, with its 225,000 people, has  
gone to a hog ranch for the last ten  
years, and the process is more of a suc-  
cess today than ever before. A suc-  
cessful hog ranch of enormous pro-  
portions, on which garbage is not the  
only diet, was the answer, found by  
a representative of the Engineering  
Record who visited the ranch recently,  
and who sets forth his observations in  
the current issue of that journal.

### How Are We Going to Protect Our Dye Industry?

The Hill tariff bill and the Kitchen  
tariff bill, which were both introduced  
into congress because of the insistence  
of dye-using interests that something be  
done to relieve the dye shortage, Dr.  
Bernhard C. Hesse, dye expert writ-  
ing in Metallurgical and Chemical En-  
gineering, says that the Hill bill  
which asks for rates recommended by  
our dye makers offers a reasonable  
chance of developing our industry,  
while the Kitchen bill, which is a mod-  
ified Hill bill, offers far less chance.  
The coal-tar dye industry has grown  
in Germany from obscure beginnings  
to an industry that reaches into every  
phase of national and international  
commerce and industry. At present  
there is a great progress in this  
country, much of which will remain  
with us no matter if the present tariff  
be changed or not, but it will be in  
essence an assembling industry still. Its  
future lies in our own hands to make  
or mar.

# MARLIN IS RAISING FUND FOR Y. M. C. A. WORK ON BORDER

STATE SECRETARY L. A. COUL-  
TER HONOR GUEST AT  
BANQUET.

## CANDIDATES FILE ACCOUNTS

Marlin Autoists Leave for Extended  
Tour to Points of Interest Among  
Colorado Resorts.

Marlin, Aug. 3.—A banquet was  
given last night at the Majestic hotel  
in honor of Mr. Coulter, who is repre-  
senting the interest of the establish-  
ment and equipping of Y. M. C. A.  
institutions along the border for the  
soldiers stationed there. In view of the  
fact that Marlin has sent a company,  
which is stationed at Mercedes, an as-  
signment of \$150 was asked at this  
place. The funds are now being raised  
and will be forwarded today.

Candidates filing statements of ex-  
penses in the recent campaign, since  
Saturday, are as follows: B. H. Rice,  
court of appeals, \$509.95; I. T. Peavy,  
constable, \$17; D. H. Moore, constable,  
\$5; B. A. Holze, justice of the peace,  
\$13.75; J. Rector, representative,  
\$48; C. B. Monday, representative,  
\$209.66; J. T. Mostyn, commis-  
sioner, \$39.25; J. C. Evans, justice of  
the peace, \$27.50; W. J. Jenkins, con-  
stable, \$33; J. E. Davis, justice of the  
peace, \$5.92; R. K. McIntosh, constable,  
\$37.25; Charles Mitchell, justice of  
the peace, \$39.50; J. W. Grisham, jus-  
tice of the peace, \$11; John Priest, con-  
stable, \$25.25; W. T. Watkins, com-  
missioner, \$67.50; B. E. Wolff, justice  
of the peace, \$25.50; Tom Bartlett,  
county attorney, \$87.50; E. H. Childers,  
treasurer, \$78; A. R. Scheef, commis-  
sioner, \$36.80; G. A. Pringle, county  
school superintendent, \$42.50; J. A.  
Haller, sheriff, \$18.50; C. H. Platt,  
sheriff, \$125.00; Nat Llewellyn, chair-  
man, none; H. L. Cobb, justice of the  
peace, \$45.55; W. H. Calvert, justice of  
the peace, \$13; H. T. Barton, commis-  
sioner, \$15.75; J. E. Barton, justice of  
the peace, \$15.75; T. W. Adams, justice of  
the peace, \$15.50; A. B. Curry, commis-  
sioner, \$59.50.

Rev. C. G. Howard has just returned  
from Chilton, where he has been con-  
ducting a series of meetings in the  
Baptist church. He reports a very  
successful revival and the addition of  
several members to the fold.

Mrs. Lena Reed has just returned  
from an extended visit in New Mex-  
ico. She was accompanied by her  
daughter, Mrs. Lucille Goodrich, who  
resides in Dallas.

Mrs. T. A. Cheeves, Miss Pauline  
Cheeves, T. A. Cheeves Jr., Miss Mad-  
eline Bartlett, Mrs. J. J. Lanthum,  
Mr. and Mrs. Albert Chilton formed an  
auto party who left this morning for  
an extended visit in Colorado. They  
will go to Manitou and from there will  
visit other points of interest. Mrs.  
Clark Lanthum and children will  
leave today and await their arrival in  
Manitou.

Mrs. Sallie O'Hart left this  
morning and will accompany Mrs. B. J.  
Lanthum as far as Amarillo for an  
extended visit to relatives there.

The first bale of cotton of the season  
was brought in this afternoon by B.  
Bowers. A premium list is being cir-  
culated.

## Parson Brigade In Sixth Annual Reunion at Itasca

Itasca, Texas, Aug. 2.—The town is  
full of people today, the occasion be-  
ing the thirty-sixth annual reunion of  
Parson's cavalry brigade. Seventy-six  
members of this brigade and many  
other veterans had registered up to 4  
o'clock this afternoon. The arrange-  
ments committee with fifty automob-  
iles took the old soldiers to Flies Val-  
ley for a watermelon feast this after-  
noon.

## SCHOOLS GET \$7 PER PUPIL.

Scholastic Enumeration Shows 1,246,896  
Children With Receipts \$8,800,000.  
Austin, Aug. 2.—The state board of  
education today fixed the state per  
capita apportionment for the year  
1916-17 at \$7.99 per pupil. The ap-  
portionment was based upon estimated  
receipts of \$8,800,000 and scholastic  
enumeration of 1,246,896 children. The  
per capita is considered high, in view  
of the fact that the total enumeration  
for the year 1916 includes an extra  
year.

Heretofore the scholastic age limits  
were 7 to 16, inclusive. The thirty-  
fourth legislature extended the schol-  
astic age limit to include all children  
17 years old, which occasioned an in-  
crease of about 80,000 scholastics. This  
number, added to the natural annual  
increase of about 40,000 scholastics.

## Texas Policyholders to Get Hearing.

Austin, Aug. 2.—The mandamus case  
of the Texas Policyholders' Protective  
agency at San Antonio against the  
state fire insurance commission, has  
been set by Judge C. A. Wilcox of the  
Twenty-sixth district court for Sep-  
tember 13. A. R. Andrews, member  
of the commission, said that a general  
demurrer will be filed. This is the  
case in which the plaintiff is seeking  
to compel the defendant commission  
to vacate its order promulgating the  
Texas standard fire policy.

## Texas Chemists Analyze Near Beer.

Austin, Aug. 2.—Chemists in the  
state pure food department today com-  
pleted the analysis of a barrel of near-  
beer, which it appears has been of-  
fered for sale to soldiers located at  
Camp Exchange, Del Rio. The result  
of the analysis disclosed that the bev-  
erage contained a low percentage of al-  
cohol. The near-beer was sent to the  
department by First Lieutenant James  
Kirk of the coast artillery stationed at  
Del Rio, who requested that an analysis  
be made to determine whether or not  
the beverage contained alcohol.

We claim that TEXACO GAS-  
OLINE gives more mileage.

This claim is proven in countless  
automobiles, in the motor trucks  
of large concerns, in thousands  
of motor boats and service aero-  
planes.

You can easily test this claim—  
Go to the dealer who displays  
the Texaco Star—or call up our  
local agent—

## CITY NEWS BRIEFS

The plea of Park Commissioner J. D.  
Harlow for co-operation in the work of  
keeping the parks in proper condition  
is meeting with some response, as the  
people realize that his words were cor-  
rect and timely.

The remains of Fay Livingston were  
yesterday morning sent to Salem, Tex-  
as, for interment. The funeral will  
take place there today. The body was  
shipped by the L. C. Puckett Under-  
taking company.

The crowds on the streets of Waco  
at night and during the afternoon  
indicate that the city is already wak-  
ing up for fall activities, and it is be-  
lieved that traffic policemen will have  
to be maintained at several additional  
points for awhile this fall in order to  
handle the great throngs of people.

The city commission meets this  
morning in regular weekly session, and  
the regular routine will receive atten-  
tion. There is nothing of special in-  
terest to come before the commission-  
ers, so far as known, but of course  
something may pop up at the meeting,  
as the city dads have many things on  
hand usually.

Yesterday was another of the very  
hot days, and there was much com-  
plaint of the heat. It was a peculiar,  
enveloping heat, penetrating which  
made itself felt very decidedly, and  
put local weather prognosticators to  
guessing on the outcome, many ventur-  
ing the opinion that there will soon be  
a decided change in the weather.

The white way on Austin street will  
lead on to other improvements of the  
same character, it is believed. This is  
one reason why the Y. M. B. L. was  
so anxious to get this ornamental  
lighting system under way, so that the  
educational effects might be felt as  
soon as possible. It is hoped to have it  
working nicely by the time of the Cot-  
ton Palace.

The flowers around the city hall are  
beautiful, making the little park spot  
there a thing of beauty. The office of  
Mayor John Dollins, upstairs, also is  
embowered with flowers and shrubs,  
and is in keeping with the grounds  
about the building. There is a tend-  
ency all over the city toward beauti-  
fication of residences and grounds, and  
the city government wants to lead the  
way.

The Baptist sanitarium is expected to  
be under way within about sixty  
days now, and will serve to meet a  
growing need, in the view of many.  
The Providence sanitarium has shown  
the need of hospitals here and opened  
the way for others. Many believe that  
a big hospital is equal to bringing in a  
new railroad to a city, in a commercial  
sense, and from the humanitarian  
point of view it becomes increasingly  
important.

Officer C. B. Neale, who was hurt by  
a fall from his horse in East Waco,  
is said to be resting well, although his  
bruises have proved very painful.  
His physician says he is not in serious  
danger. The accident happened early  
yesterday morning. When he attempt-  
ed to mount his horse, the saddle turn-  
ed, which caused the horse to become  
unruly, whereupon Mr. Neale was  
thrown to the ground and dragged  
some thirty feet before his foot was  
freed from the stirrup.

## PERSONAL MENTION

Mrs. W. E. Hays left yesterday for  
New York.

J. T. James of Hamilton was in  
Waco yesterday.

C. B. Steele of New York was in  
this city yesterday.

E. W. Pool of Mt. Calm was shop-  
ping here yesterday.

A. E. Hunter of Fort Worth spent  
yesterday in the city.

Coach C. P. Money is spending a  
week at Winters with his parents.

A. C. Beckton of the Katy is spend-  
ing today in Hillsboro with friends.

H. C. Harder and T. M. Wilson of  
Mart left Waco yesterday for Chicago.

M. Pazzral of West was in the city  
yesterday and met many of his  
friends.

Judge Kimball of Meridian was look-  
ing after professional business here  
yesterday.

Mal. John W. Henderson has re-  
turned to Galveston, after a day or  
two spent in Waco.

Judge W. S. Shipp, county judge of  
Bell county, was in Waco on a visit to  
friends yesterday.

Miss Reba Sessions of Hillsboro is  
spending this week with Mrs. Clyde  
Webb and Mrs. J. M. Dawson.

Clarke Byrd is spending two weeks  
with his parents here. He is with the  
Fourth Texas infantry band at Marfa.

T. C. Grant, a well known cotton man  
of Liberty Hill, was in Waco yester-  
day and met a number of friends here.

Miss Flora Moore, who has been to  
Waxahachie for the last week at a  
house party given by Miss Margaret  
Andrews, returned home yesterday.

Mrs. T. E. Dragna is reported to be  
seriously ill at the home of her mother,  
Mrs. R. M. Hayes, 514 North Eleventh  
street.

Mrs. C. C. White of Rosebud and  
Mrs. W. E. White of Rosebud are vis-  
iting Mrs. A. C. Goodwin, 2112 Barnard  
street.

W. W. Cameron with his daughter,  
Eleanor, is leaving for Los Angeles,  
Cal., to join Mrs. Cameron there for a  
vacation of several weeks.

J. B. Cooper and family and H. M.  
Miner and family have left in autos

## Like a Boy at 50 Bubbling Over With Vitality—Taking Iron Did It

Doctor Says Nuxated Iron Is Greatest of All Strength Builders. Often Increases the Strength and Endurance of Delicate, Nervous Folks 200 Per Cent in Two Weeks' Time.

NEW YORK, N. Y.—Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of vigor, vim and vitality as a young man; in fact a young man he really was notwithstanding his age. The secret he said was taking iron—nuxated iron. He filled him with renewed life. At 30 he was in bad health; at 35 careworn and nearly all in. Now at 50 a miracle of vitality and his face beaming with the buoyancy of youth. As I have said a hundred times over, iron is the greatest of all strength builders. If people would only throw away patent medicines and anemic concoctions and take simple nuxated iron, I am convinced that the lives of thousands of persons might be saved, who now die every year from pneumonia, grippe, consumption, kidney, liver and heart trouble, etc. The real and true cause which started their diseases was nothing more nor less than a weakened condition, due to lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much of what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it and as a consequence you become weak, pale and sickly looking just like a plant trying to grow in a soil deficient in iron. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Then take five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run-down people who were ailing all the

while, double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron. If you want it to do you any good, otherwise it may prove more than useless. Many an athlete or prizefighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the arena, while many another has gone down to inglorious defeat simply for the lack of iron.—E. Sauer, M. D.

NOTE—Nuxated Iron, recommended above by Dr. Sauer, is not a patent medicine nor secret remedy, but one which is well known to druggists and whose ingredients are widely prescribed by eminent physicians everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the stomach, make them black nor upset the stomach, on the contrary, it is a most potent remedy in nearly all forms of indigestion as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$100.00 to any charitable institution if they cannot take any man or woman under 50 who lacks iron and increase their strength 200 per cent or over in four weeks' time, provided they have no serious disease. Take Nuxated Iron also to refund your money if it does not at least double your strength and endurance. Write for literature to J. P. Powers-Kelly Drug Co., W. B. Morrison Drug Co. and all other druggists.

## THEATRES

### CRYSTAL TODAY.

The Bluebird director, Rupert Julian, who wrote, produced and starred in the latest Bluebird success, "Naked Hearts," which appears at the Crystal today, may adopt in earnest the uniform of a soldier, which he wears so convincingly in the last act of that delightful photoplay. Although the fact is not generally known, Mr. Julian has been a professional soldier, and there is a distant possibility that he may shortly become one again. At least, he has offered his services to Australia, and has received notification that the offer may be accepted in the near future.

Julian has the appearance and the manners of a man of the world, with artistic inclinations, and to look at him, one would never suspect him of an adventurous career; and yet his life reads like a page from a tale of romance. He is the son of a sheep and cattle ranchman in the north of New Zealand, and he was educated to be a priest of the Roman church; but against the wishes of his parents, he elected to follow his own bent. At made his first appearance at the age of seventeen, and has played in the companies of some of the best-known English actors. At different times he has been a sailor before the mast, a tea-seller, the engineer of a donkey engine, and a gold prospector in the wilds of Australia. When the Boer war broke out in South Africa he volunteered for service in an Australian corps, and for two years he participated in all the hardships of the campaign, being rewarded for his services by a commission. Twice he was captured by the Boers. The first time he had the good fortune to be exchanged, and the second time he managed to make his escape, and wandered for three days through a desert country without food or shelter, until he made his way to the coast, where he shipped as an able seaman on a sailing vessel bound for Gibraltar.

Most people would have thought their obligation discharged after this experience, but Julian returned immediately to his command, and remained there until two months before peace was signed, when he was invalided home. It is his experience of the real thing which gives his war pictures extraordinary realism.

### AT THE REX.

Mary Pickford in Land of Tulip Bulbs. Mary Pickford in wooden shoes and a red kilt, dancing to the tune of a hand organ! Mary Pickford planting tulips in a wooden shoe and presenting them to her lover! All of which means that the popular Famous Players star is gracing the title role of that company's delightful production, "Hulda From Holland," by Edith Barnard Delane, which is the Paramount picture at the Rex theatre today and tomorrow.

Her Italian, Japanese, Indian and just plain American characterizations have proven so overwhelmingly successful that it is a foregone conclusion that this picturesque little Dutch girl who travels from Holland to America in charge of her three tiny brothers will strike deep in the hearts of Miss Pickford's innumerable admirers. Miss Pickford's phenomenal popularity, though it is based upon many quali-

ties, is most plainly manifested in her winning of one's sympathy. Never has Miss Pickford played a more sympathetic role than that of Hulda. For though the little Dutch girl is thoroughly self-reliant and gives every evidence of being able to take care of herself, she is always the appealing little girl from first to last.

Some of the richest comedy which Miss Pickford has ever displayed upon the screen is that which takes place with her little brothers, Heinie, Hans and little Jacob. In her distress, Miss Pickford is as irresistible as ever, but in her funny Dutch way, she develops a philosophical attitude toward the harsh things of this world which robs the scenes of all their bitterness.

In support of Miss Pickford Director John B. O'Brien has gathered a distinguished cast, among them Frank Losee, John Bowers, Russell Bassett, Charles Vernon and little Haral Hollacher.

### NICKEL TODAY.

Hero of "Who Pays?" in "Pay Dirt." Henry King, who appeared in support of Ruth Roland in the famous series of problem plays entitled "Who Pays?" made an instant hit because of the virility and strength of his interpretation of the various roles assigned to him.

So great was the demand for his reappearance in leading parts that it was a foregone conclusion that he would be featured in big pictures and that he would be cast in exactly such parts as he appears in the Knickerbocker Star feature, "Pay Dirt," in which he will appear at the Nickel today.

King appears the "Easterner" owner of a mining claim in the small western town to which he has drifted. He has inherited an instinct for the gaming that will not be satisfied while he has anything worth playing for.

His fight against the lure of chance, his discovery that the owner of the gaming house that he frequents is the mother whom he has not known since childhood, his fight for the mine through which runs a rich vein of which he knows nothing, and a tangled love story, go to make up a film of unusual interest and color.

The tale is well told, cleverly portrayed and beautifully photographed under the sunny skies and among the magnificent scenery of California's picture colony.

## LIONS CLUB ADOPTS FIRST CONSTITUTION

NEW CLUB ACCEPTS REPORT OF COMMITTEE ON ORGANIC LAW AND IS FULLY FORMED.

## LIONS WILL ROAR IN NEWS

Plan Started to Foster "Good Old Waco" Articles—Interesting Informal Addresses.

Co-operation in civic betterment and higher ethical standards of business were placed as the twin ideals of the Waco Lions' club at the regular luncheon of the club yesterday when the constitution and by-laws were formally adopted. N. D. Naman headed the committee on organic law and the report was unanimously adopted. President W. V. Crawford appointed the standing committees and several special committees on the invitation of the luncheon next Wednesday to the Rotary club. Mayor John Dolins, selected by acclamation as toastmaster for the luncheon yesterday, called on a number present for brief addresses and introduced Dr. B. A. McCall as the speaker for the hour. The Raleigh, official den for the Lions, has made special arrangements for the comfort and convenience of the meeting by placing the tables on the mezzanine floor.

Speaking on the subject of "Hygiene," Dr. McCall said that the efficiency of sanitation and cleanliness is becoming more and more appreciated in this day. He said that the sanitation around business premises was to be stressed, but he spoke particularly of the necessity of personal cleanliness, emphasizing the part the mouth and teeth play in one's health.

"Many of the ills and ailments have their beginning in a diseased oral cavity," insisted Dr. McCall, who said that in some cases had been traced to infected teeth. Massaging the gums, using mouth antiseptics and cleaning the teeth with dental powder will all prove great health investments. He declared that a course in personal hygiene might well be taught in all public schools.

## SAYS CLUB SHOULD BE LARGE ONE.

Several brief talks, suggesting the possibilities of the new club and its opportunities of emphasizing certain needs of Waco, followed Dr. McCall's discussion. President Crawford said he thought the local club should have as large, if not the largest, membership of any Lions' organization in Texas. He charged the various committees that they must at once and perform their prescribed duties faithfully. The president's announcement that the Waco Rotarians had accepted the invitation to luncheon Wednesday was greeted with applause.

Toastmaster Dolins took occasion to declare himself on the question of small factories for Waco. He thought that these would prove a great commercial strength for the city, and he brought to Waco with the proper encouragement and that the Lions should encourage this phase of the city's expansion.

Speaking on request about the outlook for the fall automobile business, Percy Willis told the club that it now seemed that the biggest volume of automobile sales in the history of the business would be during the fall and spring. He said that the prices would probably increase because of the shortage of materials, but he thought that the factories would not be able to supply the demand. He explained that El Paso was now the greatest automobile selling center in Texas. "They are buying everything there that looks like an automobile," said Mr. Willis.

## SUGGEST PRIZES FOR NEWS ARTICLES.

On the basis that the Lions' club was essentially an organization for the promotion of the best interests of the city, Harry M. Baine made the suggestion that each of the members of the club give in a few terse paragraphs his reason why Waco was the choice town in which to live and mention some of the things which would increase the commercial strength. To carry out this idea in a still more concrete form, he said that the first of a series of contemplated articles on "Good Old Waco" to the members of the club. He said further that prizes would be offered to the members of the club who presented the best articles for publication along this line.

R. E. Follow gave a hearty second to the idea, saying that the Raleigh would be glad to offer as a prize ten fast-class dinners to the writer of the best condensed article on "Good Old Waco." President Crawford gave additional impetus to the idea, saying that the offer of The News would prove a boon to the club, and saying that the prize idea could be worked out further and make quite a feature of the series of short articles.

Among the other members and visitors who were called on and spoke briefly were Tom Wolfe, W. W. Woodson, T. A. Thompson, Ed Drake Jr., G. H. Luedde, J. S. Hill, W. Roy Christian, R. E. Follow.

Following were the standing committees appointed by President Crawford: Publicity—C. J. Glover Jr., Harry M. Baine, S. S. Fleming, T. H. Williams and John Wyche. Auditing—N. D. Naman, Layton Little, Tom Wolfe and L. H. Brown. General Attendance—Dr. H. E. Hoke, S. P. Jones and J. P. Everett.

Membership—C. W. McKennon, R. S. Vaughn, A. R. Wilson, G. E. Gillespie and J. H. Fall. Entertainment—Langdon Luedde, R. A. Flood Jr., R. E. Follow, H. Hagedorn Jr. and C. P. Guthrie.

As a special entertainment and attendance committee for next Wednesday, Langdon Luedde appointed the following: Hol Massey, P. S. Durham and T. S. Dean.

For the next luncheon Tom Wolfe was named toastmaster, L. C. Alexander speaker on stocks and bonds; Dr. J. R. Ferrell, address of welcome to visitors; J. P. Everett, for the good of the city.

## AT THE CRYSTAL.

## WACO GREEKS FORM NEGRO LAD DROWNS PROGRESSIVE CLUB IN THE BRAZOS RIVER

Fifty Waco Greeks met last night at the Y. M. C. A. and organized themselves into a Greek society. This is the first organization of the Greeks in the city of the state. S. R. Hankins, secretary of the local Y. M. C. A., was the first speaker of the evening. Mr. Hankins was introduced by A. B. Karhal to the new organization. Mr. Hankins welcomed the Greeks of Waco and offered the help and co-operation of the Y. M. C. A. in making the organization a permanent institution. He said that the Greeks would be the greatest asset to the Greeks in this part of the country, because it gets them closer together and better united. Newcomers will be more encouraged and aid will be given them by the society. Mr. Hankins also offered the use of the Y. M. C. A. as club headquarters.

After speeches by A. B. Karhal, Chris S. Semas, Paul Costas, A. G. Farris and Jim Lachouris, those present went into the organization. The society was called "Dikefalos Aetos," which means in English, "The Double-Headed Eagle." It signifies the emblem of the Byzantium Emperors, which ruled in Constantinople before the Turks conquered their kingdom in the year 1453.

The fifty men present pledged themselves to be loyal to the organization. Nearly 150 Greeks live in Waco, and several hundred in towns around this city. It is hoped that several hundred will join the society.

The hope is that the members may be able to educate newcomers and make better citizens of them. A church and a Greek school may be organized in the near future.

Several hundred dollars was raised at the initial meeting, one contribution being \$200, and several smaller.

The first officers elected are as follows: President, Chris Semas, vice president, Jim Techias, manager of the Elite cafe; secretary, A. B. Karhal of the Palace of Sweets; treasurer, Thedo Papageorgis, manager of the Manhattan cafe.

The next meeting will be held at the Y. M. C. A. August 28.

## Soldiers Are Proving Boon to Old Texas

That the coming to Texas of the tens of thousands of soldiers composing the national guard of the country is one of the most fortunate things from an economic standpoint, that Texas has every experienced, and that the men coming here will carry back a very different story to the ones which have been circulated in some quarters regarding Texas, is the view of Chief Clerk A. J. May of the L. & G. N. railroad, who was in San Antonio two or three days ago, and had a chance to observe conditions.

"There are many of the soldiers who are men of wealth, and they are certainly spending the money freely in San Antonio," said Mr. May. "A great many of the men drill through the day, come to town at night, live luxuriously, stay at the best hotels, and simply remain with the troops during drill time. The rank and file of the men seem to be fine fellows, too, and are enjoying their stay, or seem to be. One of the rich soldier boys lives at a fine hotel, drills hard and gets covered with grime, then goes to his hotel, washes up, and spends \$5 to \$10 a night talking to his wife in Chicago. It is a lively proposition, that at San Antonio, and one which is going to advertise Texas well; not only at San Antonio, but at many other points where the soldiers are to be found. The conditions are full of life and Texas will get the benefit all around."

Eddie Lang, a negro boy probably 15 years old, was drowned at 5 o'clock yesterday afternoon on the Brazos river driveway, some distance above the Washington street bridge, at a point in the river where the Mann Sand and Gravel company has been taking out sand and gravel from the river.

The body of the boy was found about two hours after he was drowned in a hole where the sand and gravel had been taken from the river, this hole being probably ten to twelve feet deep. The boy, in company with a brother younger than himself, had been wading around in the river and had gone nearly to the middle of the stream, where the deep hole was encountered, engulfing the boy so that he could not get out. He drowned in a short time and his brother got out and gave the alarm.

Officers George W. Jackson, Patrol Driver Henry Summers and Jim Hancock went at once to the scene, and with several other persons, among these being Ed Forsgard, began searching for the body. It required about two hours to find it, but this was accomplished after awhile and it was taken to the boy's home at 813 Hogan's alley and turned over to his parents.

## Like a Boy at 50 Bubbling Over With Vitality—Taking Iron Did It

Doctor Says Nuxated Iron Is Greatest of All Strength Builders. Often Increases the Strength and Endurance of Delicate, Nervous Folks 200 Per Cent in Two Weeks' Time.

NEW YORK, N. Y.—Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him a full of vigor, vim and vitality as a young man, in fact a young man he really was notwithstanding his age. The secret he said was taking iron—nuxated iron had filled him with renewed life. At 50 he was in bad health; at 55 a nervous wreck and at 60 a feeble old man. Now at 65 a man of vitality and his face beaming with the buoyancy of youth. As I have said a hundred times over, iron is the greatest of all strength builders. If people would only throw away patent medicines and nuxated iron, I am convinced that the lives of thousands of persons might be saved, who now die every year from pneumonia, grippe, consumption, kidney, liver and heart trouble, etc. The real cause which started their diseases was nothing more nor less than a weakened condition, brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your blood merely passes through you without doing you any good. You don't get the strength out of it and as a consequence you become weak, pale and sickly looking. Just like a plant trying to grow in a soil deficient in iron. If you are not strong or well you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two grains of nuxated iron three times a day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run-down people who were ailing all the

while, double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron if you want it to do you any good, otherwise it may prove as useless as a prizefighter who has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the arena, while many another has gone down to ignominious defeat simply for the lack of iron.—E. Sauer, M. D.

NOTE—Nuxated Iron, recommended above by Dr. Sauer, is not a patent medicine nor secret remedy, but one which is well known to druggists, and whose ingredients are widely prescribed by eminent physicians everywhere. Unlike the other inorganic iron products, it is easily assimilated, does not injure the teeth, make them black nor upset the stomach; on the contrary, it is a most potent remedy in nearly all forms of indigestion as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$1000 to any charitable institution if they cannot take any man or woman under 60 who lacks iron and increase their strength 200 per cent or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Powers-Kelly Drug Co., W. B. Morrison Drug Co. and all other druggists.

## LIONS CLUB ADOPTS FIRST CONSTITUTION

NEW CLUB ACCEPTS REPORT OF COMMITTEE ON ORGANIC LAW AND IS FULLY FORMED.

## LIONS WILL ROAR IN NEWS

Plan Started to Foster "Good Old Waco" Articles—Interesting Informal Addresses.

Co-operation in civic betterment and higher ethical standards of business were placed as the twin ideals of the Waco Lions' club at the regular luncheon of the club yesterday when the constitution and by-laws were formally adopted. N. D. Naman headed the committee on organic law and the report was unanimously adopted. President W. V. Crawford appointed the standing committee to advise several special committees on the invitation luncheon next Wednesday to the Rotary club. Mayor John Dollins, selected by acclamation as toastmaster for the luncheon yesterday, called on a number present for brief addresses and introduced Dr. D. A. McCall as the speaker for the hour. The Raleigh, official den for the Lions, has made special arrangements for the comfort and convenience of the meeting by placing the tables on the mezzanine floor.

Speaking on the subject of "Hygiene," Dr. McCall said that the efficiency of sanitation and cleanliness was becoming more and more appreciated in this day. He said that the sanitation around business premises was to be stressed, but he spoke particularly of the necessity of personal cleanliness, emphasizing the part the mouth and teeth play in one's health.

"Many of the ills and ailments have their beginning in a diseased oral cavity," insisted Dr. McCall. He said that appendicitis in some cases had been traced to infected teeth. Massaging the gums, using mouth antiseptics and cleaning the teeth with dental powder would all prove great health investments. He declared that a course in personal hygiene might well be taught in all public schools.

## SAYS CLUB SHOULD BE LARGE ONE.

Several brief talks, suggesting the possibilities of enlarging the club and its opportunities of emphasizing certain needs of Waco, followed Dr. McCall's discussion. President Crawford said he thought the local club should have as large, if not the largest, membership of any Lions' organization in Texas. He charged the various committees that they meet at once and perform their prescribed duties faithfully. The president's announcement that the Waco Rotarians had accepted the invitation to luncheon Wednesday was greeted with applause.

Toastmaster Dollins took occasion to declare himself on the question of the factories at Waco. He thought that these would prove a great commercial strength, that they could be brought to Waco with the proper encouragement and that the Lions should encourage this phase of the city's expansion.

Speaking on request about the outlook for the fall automobile business, Percy Willis told the club that it now seemed that the biggest volume of automobile sales in the history of the business would be the coming fall and spring. He said that the prices would probably increase because of the shortage of materials, but he thought that the factories would not be able to supply the demand. He explained that El Paso was now the greatest automobile selling center in Texas. "They are buying everything there that looks like an automobile," said Mr. Willis.

Replying to a question about the big tractor demonstration at Dallas, which he attended, Mr. Willis said that this great collection of farm tractors of every make and description had proved a success of wonderful proportions. He thought the tractor was coming to be an indispensable part of agricultural equipment. He stressed particularly the matter of economy involved of the gas power over the horse or mule.

## SUGGEST PRIZES FOR NEWS ARTICLES.

On the basis that the Lions' club was essentially an organization for the promotion of the best interests of the city, Harry M. Eddy made the suggestion that each of the members of the club give in a few terse paragraphs his reason why Waco was the choicest town in which to live and mention some of the things which would increase the town's attractiveness. To carry out this idea in a still more concrete form, he said that the Morning News would be glad to devote the first of a series of contemplated articles to "Good Old Waco" and the members of the club who presented the best articles for publication along this line.

R. E. Fallow gave a hearty second to the idea, saying that the Raleigh would be glad to offer as a prize ten first-class dinners to the writer of the best condensed article on "Good Old Waco." President Crawford gave additional impetus to the idea, saying that the offer of The News would prove a boon to the club, and saying that the prize idea could be worked out further and make quite a feature of the series of short articles.

Among the other members and visitors who were called on and spoke briefly were Tom Wolfe, W. W. Woodson, T. A. Thompson, Ed Drake Jr., G. H. Luedde, J. S. Hill, W. Roy Christian, R. E. Fallow.

Following were the standing committees appointed by President Crawford: Publicity—C. J. Glover Jr., Harry M. Eddy, S. S. Fleming, T. H. Williams and John Wyche.

Auditing—N. D. Naman, Layton Little, Tom Wolfe and L. H. Brown. General Attendance—Dr. H. E. Hoke, S. P. Jones and J. S. Everett.

Membership—C. W. McKinnon, R. S. Vaughn, A. R. Wilson, G. P. Gillespie and J. H. Fall. Entertainment—Langdon Luedde, R. A. Flood Jr., R. E. Fallow, H. Hagedorn Jr. and G. W. Guthrie.

As a special entertainment and attendance committee for next Wednesday, Langdon Luedde appointed the following: Holt Massey, P. S. Durham and T. S. Dean.

For the next luncheon Tom Wolfe was named toastmaster, L. C. Alexander speaker on stocks and bonds; Dr. J. R. Ferrell, address of welcome to visitors; J. P. Everett, a suggestion for the good of the city.

## AT THE CRYSTAL.

## WACO GREEKS FORM NEGRO LAD DROWNS PROGRESSIVE CLUB IN THE BRAZOS RIVER

Fifty Waco Greeks met last night at the Y. M. C. A. and organized themselves into a Greek society. This is the first organization of the Greeks in the city of the state. There are similar societies in the cities of the state.

S. R. Hankins, secretary of the local Y. M. C. A., was the first speaker of the evening. Mr. Hankins was introduced by A. B. Karhal to the new organization. Mr. Hankins welcomed the Greeks of Waco and offered the help and co-operation of the Y. M. C. A. in making the organization a permanent institution. He said that this club would be the greatest asset to the Greeks in this part of the country, because it gets them closer together and better united. Newcomers will be more encouraged and aid will be given them by the society. Mr. Hankins also offered the use of the Y. M. C. A. as club headquarters.

After speeches by A. B. Karhal, Chris S. Sernas, Paul Costas, A. G. Fannis and Jim Lachouritis, those present went into the organization. The society was called "Dikelaos Aktos," which means in English, "The Double-Headed Eagle." It signifies the emblem of the Byzantine Emperors, which ruled in Constantinople before the Turks conquered their kingdom in the year 1453.

The fifty men present pledged themselves to be loyal to the organization. Nearly 150 Greeks live in Waco, and several hundred in towns around this city. It is hoped that several hundred will join the society.

The hope is that the members may be able to educate newcomers and make better citizens of them. A church and a Greek school may be organized in the near future.

Several hundred dollars was raised at the initial meeting, one contribution being \$200, and several smaller.

The first officers elected are as follows: President, Chris Sernas, manager of Chris's cafe; vice president, Jim Techar, manager of the Elite cafe; secretary, A. B. Karhal of the Palace of Sweets; treasurer, Thedo Papajohn, manager of the Manhattan cafe.

The next meeting will be held at the Y. M. C. A. August 23.

Eddie Lang, a negro boy probably 15 years old, was drowned at 5 o'clock yesterday afternoon on the Brazos river driveway, some distance above the Washington street bridge, at a point in the river where the Mann Sand and Gravel company has been taking out sand and gravel from the river.

The body of the boy was found about two hours after he was drowned in a hole where the sand and gravel had been taken from the river, this hole being probably ten to twelve feet deep. The boy, in company with a brother younger than himself, had been wading around in the river and had gone nearly to the middle of the stream, where the deep hole was encountered, engulfing the boy so that he could not get out. He drowned in a short time and his brother got out and gave the alarm.

Officers George W. Jackson, Patrol Driver Henry Summers and Jim Hancock went at once to the scene, and with several other persons, among these being Ed Forgard, began searching for the body. A search was required about two hours to find it, but this was accomplished after awhile and it was taken to the boy's home at 313 Hogan's alley and turned over to his parents.

## TOO MANY HITS CRIPPLE DUCKY

SOUTHPAW YIELDS NINE RUNS IN LOCALS' FIRST FOUR ROUNDS.

## NIXON SHINES AS PITCHER

Centerfielder Gets Away With Comedy in Good Style, But Two Hits Being Made Off Him.

Winding up with a stare at second in true Ducky Swan style, and whirling around like a dervish on every pitch, Al Nixon's vaudeville show in the pitcher's box after the Naves had stored the game away was the only interesting ripple in a featureless fight of slug and run; with the slug and run absent during the chunky one's first office, Al traded places with Swan at the start of the fifth, and forthwith laid Charlie Chaplin's moss-covered comedy in the tomb. Nix ranted at his catcher, received the ball with left, and a nervous snap when McCafferty's decisions didn't please him, and flapped his arms with a "why I ain't done nuthin'" expression when he retired the side in order in the fifth and sixth. The Big Skipper and his cohorts got so weak from laughing at the monkey's capers that they had no strength to whale the lifeline floaters flung with a spit-ball treatment. It was rich; the stands roared, and the peanut vendors forgot to serve the funny line for the first time in Waco; Jack Johnston's always been the recognized joker before. But watch Nixon today; he'll be in there trying to win a ball game instead of a pitcher's battle.

## BEAUMONT INFILDED CHANGED UP.

Manager Del removed himself from the line-up and took Tarleton on second base, with Wilson holding down first. The absence of the Boss seemed to break up all semblance of team-work around the keyhole, and several plays went awry that should have been executed. Wonder why it is that Delahanty falls dead when he hits Katy park; not a word does he mutter, not even a kick. Seems like the leader would be in a scrappy mood fresh from a four-ply larpurp of the Panthers. And the Duckling was way off. He failed to get by the left-handed slants, and the bugs that settled down to watch a southpaw battle were disappointed at his early slaughter, but glad when Nixon essayed to pitch.

Cliff Hill had smooth going after the fourth, but didn't let up on his smoke and stuff. The Tars crowned the ball, Lefty kept the visitors away from the plate, and the crowd went home feeling fit. Indifferent defensive work by the Oilers gave Waco one run in the first. After Bittle was out, Malmquist popped to Dodd. Coyle stole second and popped to third when neither Perry nor Tarleton took Bobo's peg. Lang Swan by a pitched ball, and puffed second on the next delivery. Bobo faked a throw to second, and then heaved wildly to third, Coyle scoring and James taking the hot corner. Tanner boosted to Tarleton. In the second Dodd pulled Wilson off the bag on Conwell's grounder and Wohleben singled to right. Kuhn sacrificed, Swan to Tarleton, Hill grounded out, but Bittle hit to right, scoring Conwell. Coyle popped to Tarleton. Waco had a big opening in the third. Malmquist singled to left, moved up on James' bunt, and scampered to third before the infield was alive. On the squeeze, Tanner missed the ball, and Mal was run down between third and home. Buddy the single to left, and was thrown out at second by Wilson when he tried to advance on Swan's off-colored heave to the initial bag. Beaumont's first run came in the fourth. Dodd drew a base on balls. Perry's double to the fence sent him to third, and he scored on Johnston's bunt. Then down to left, which Conwell made a great try for. With Perry on third with the tying run, Johnston was thrown out stealing. Tarleton fanned, and Wilson fished at three.

Ducky was ready to quit when the fourth round ended. Conwell walked, and Perry kicked Wohleben's head, and Irish was forced at third on Kuhn's hopper to Dodd. Cliff Hill hitting right-handed against his southpaw brother lifted the ball over the boards, scoring Wohleben and Red ahead of him. Bittle's boost to McMahon was followed by four successive hits. Coyle singled to center, Mal singled to left, and James' safety to right counted. Norman, Tanner smashed the palms with a two-bagger, bringing in Mal and Jesse. Conwell up for the second time, flied to left. When Nixon went to the mound in the fifth and Swan took his place in center, another half dozen counts seemed sure. Yet in the four innings he worked, or rather pitched, he got on the catcher, just threw little dinky straight ones, so easy that the Naves counted their sights adjusted. In the sixth, Nixon was up, Nixon pitched, and his fielders back against the fence and then threw the slugger a cripple. After a strenuous scramble a white boy got it, and skipped to a bleacher out, and well singled to center with Tanner on the bench, but the next two were out. Beaumont scored their final run in the seventh. Johnston doubled to right, second on Tarleton's infield out, and crossed the plate on Bobo's tap over short which Tanner barely touched. In the ninth with two out, Wilson singled to center and Bobo duplicated, singled to center and Bobo duplicated, singled to center and Bobo duplicated. The score:

## Nags Find Leverett For Nine Runs

Shreveport, Aug. 2.—San Antonio did not waste a hit today scoring nine runs by mixing as many hits with Shreveport errors and winning the opening game of the series 9 to 4. Harding pitched unbeatable ball until the eighth inning, when Shreveport rallied for three runs. Terry stopped the visitors' scoring. The score:

## Mayor Dollins Is Host at Barbecue Festival at Park

Forty eager, happy and restless youngsters who have attended the Working Boys' club for the past three months without missing a single meeting were given a barbecue at Cameron park last night as a courtesy from Mayor John Dollins. In addition to the boys, a few guests, the city commissioners were also present at the invitation of the host. The boys made the most of the hot barbecue, and games which followed with the enthusiastic spirit of the feed combined to make the occasion one to be long remembered by the newbies and messengers who were present. It was generally conceded by the older men present that Mayor Dollins still retains some inside information on the old time, and almost forgotten, fine art of barbecuing.

## NO RECOUNT OF VOTES IN SHERIFF'S RACE

STATEMENT THE ACTION WAS BLOCKED BY MR. FLEMING OR HIS ATTORNEY MISLEADING.

## LAW BLOCKED PROCEEDING

Judge Neff in Speech Before Committee States County Attorney's Opinion Stays Delivery of Boxes.

In yesterday morning's report of the proceedings of the committee, the News failed to give Hon. Pat M. Neff's speech in full, because no copy of the statement was available at the time. Yesterday a protest was received from Sheriff Fleming regarding its omission, as it might mislead some, he thought, regarding the cause of dropping the re-count. The sheriff's note to the News is attached, as well as a stenographic report of Judge Neff's argument.

Waco Morning News:  
In your report in yesterday morning's paper of the proceedings had before the county executive committee in regard to the re-count of the votes in the sheriff's race, you only published the matter as presented by attorneys for Mr. Buchanan. After the paper prepared by Mr. Buchanan's attorneys had been read, Mr. Neff, by permission of the committee, explained as my representative why the votes were not re-counted and why the county clerk did not surrender the ballot boxes. Therefore, in justice to all parties, I am enclosing to you for publication the remarks of Mr. Neff as reported by the stenographer who took down the proceedings of the committee. Yours truly,  
S. S. FLEMING.

ADDRESS OF  
HON. PAT M. NEFF.

Mr. Chairman and Gentlemen of the Committee: In reference to the wording of the communication just read by Judge Sleeper concerning a recount of the votes in the sheriff's race, and particularly that part where it says that Mr. Fleming and his attorneys blocked a recount of the votes, desire to say that since the reading of that document, I have not conferred with Mr. Fleming or my associate counsel, Mr. Eason, but desiring to make on my own responsibility this statement:

This election was held under the law, the returns were made as provided by the law, and this committee assembled to declare the result of the election, and when some question was raised by Mr. Buchanan as to whether or not Mr. Fleming should be the nominee, when the returns showed that he had received the majority of the votes, he conferred with us as attorneys to represent him in that matter, and we came before the committee in capacity of attorneys representing a client. As everything has been done under and by authority of the law, we thought if there was any recount to be made or anything else to be done that it also should be done under the law and as provided by law, and his attorneys considered it our duty to see that it was done as the law said it should be done. With that in view we presented the law as we understood it to the committee. The committee at that time did not interpret the law as we thought it read and in violation of the clear provisions of the law as we understood it, appointed a committee to open all the ballot boxes and recount the votes.

When this subcommittee went to Judge Baker, the county clerk, we stated to him what had been done. Mr. Baker said that the county attorney was his legal adviser in matters of this kind and that he would confer with the county attorney's department, and whatever the county attorney's department said, he would follow. He did confer with the county attorney's office, and reported back to the subcommittee in my presence that he had been advised by the county attorney's office that it would not be proper, and would be illegal, for him to surrender those ballot boxes to this subcommittee.

Mr. Baker therefore followed not his opinion nor the opinion of Mr. Fleming, but the opinion of the county attorney, and the county attorney's office, that it would be improper for him to surrender those boxes to this subcommittee. To this step on the part of your county clerk no one could object, he merely followed the advice of the county attorney's office.

Under the present status of this case, we think the wording of the communication is unfortunate in saying that either Mr. Fleming or his attorneys blocked this proceeding. If it was blocked, it was blocked by the law. All commended, should be censured, but no crime, to be willing to be tested by the law is a virtue. It would have been improper to have permitted the committee to recount the votes unless the recount was made just as the law says it should be made. We stated then and state now that the law does provide for a recount, and if those conditions had been complied with as set forth by the law, there would have been no objection on the part of Mr.

## Lashing a Lazy Liver

with pills may give temporary relief—but the pill habit is not a health habit. It will put the liver out of business in time—and then everything else goes out of business. Get the health habit by eating **Shredded Wheat Biscuit**, the ideal hot weather food, which contains more digestible, brain-making, muscle-building material than beef-steak or eggs. ### Central Labor Council Has Annual Election

Edward L. Duke was honored last night by being elected president of the Central Labor council for the third successive time. Other officers elected were T. M. DeLoach, vice president; John R. Spencer, financial secretary; A. H. B. Cornelson, secretary; A. L. Neely, treasurer; John Swofford, sergeant-at-arms; Paul Rouch, W. M. Fischer, M. R. Goebel, D. Gammon and Mrs. Ruth Walker, executive committee; Taz W. McClellan, John R. Tennison and W. T. Foster, grievance committee; J. O. Carey, Eaton Williams and John Tennison, organization committee.

During the meeting a committee composed of Messrs. Hoffmann, Hutchison and Crawford of the Cotton Palace appeared before the council and tendered the labor organization a day this fall. The proposition was unanimously accepted and it was decided to have Labor Day on the same day to be declared Waco day.

### Waco Will Be Made Texas Headquarters of Katy Auditors

Beginning next Sunday, August 6, there will be about sixteen additional train auditors who will begin operating out of Waco, and this will mean a total in this city of twenty-four, as there are already eight of these auditors working from this city out on the Katy north and south and up the Texas Central.

Practically all, if not all, of these men are married, and thus sixteen new families will be added to the population of the city, which is a pretty little addition all in a lump. Waco will be the train auditor center of the Katy for this entire section, as they can operate better out of here than from any other points, and in many cases the men can remain in this city much of their time under the new arrangement.

The new order has been given and is effective with the 6th of the month, and will mean quite an addition to the force of men now working in the auditor's department here.

Take the Service Automobile at the postoffice for the Holmes meeting. (Advertisement.)

### Was Almost in Katy Wreck—Decision Saved Him

That "he who hesitates is lost" is not always true was borne out nicely in the case of a decision made by Bart Moore Tuesday afternoon, and the decision which he made kept him out of the wreck on the Texas Special near Lancaster.

Mr. Moore was in Dallas to attend a political meeting, and after the meeting he could hardly decide whether to come back on the interurban or to catch the Texas Special on the Katy; it was almost a toss-up proposition, but was finally decided in favor of the interurban.

Had Mr. Moore taken the Texas Special he would have been in the wreck in which three lost their lives and others were injured. It should be remarked in passing, however, that the Texas Special has had wonderful success in keeping clear of wrecks, and has made fast time records for Texas.

**NACOGDOCHES COUNTY LANDS.**

ADDRESS OF  
HON. PAT M. NEFF.

Mr. Chairman and Gentlemen of the Committee: In reference to the wording of the communication just read by Judge Sleeper concerning a recount of the votes in the sheriff's race, and particularly that part where it says that Mr. Fleming and his attorneys blocked a recount of the votes, desire to say that since the reading of that document, I have not conferred with Mr. Fleming or my associate counsel, Mr. Eason, but desire to make on my own responsibility the statement.

This election was held under the law, the returns were made as provided by the law, and this committee assembled to declare the results of the election, and when some question was raised by Mr. Buchanan as to whether or not Mr. Fleming should be the nominee, when the returns showed that he had received the majority of the votes, he conferred with us as attorneys to represent him in that matter, and we came before the committee in capacity of attorneys representing a client. As everything has been done under and by authority of the law, we thought if there was any recount to be made, or anything else to be done that it also should be done under the law and as provided by law, and as his attorneys considered it our duty to see that it was done as the law said it should be done. With that in view we presented the law as we understood it to the committee. The committee at that time did not interpret the law as we thought it read, and if we had not understood it, appointed a committee to open all the ballot boxes and recount the votes.

When this subcommittee went to Judge Baker, the county clerk, we stated to him what had been done. Mr. Baker said that the county attorney was his legal adviser in matters of this kind and that he would confer with the county attorney's department, and whatever the county attorney's department said, he would follow. He did confer with the county attorney's office, and reported back to the subcommittee in my presence that he had been advised by the county attorney's office that it would not be proper, and would be illegal, for him to surrender those ballot boxes to this subcommittee.

Mr. Baker therefore followed not his opinion nor the opinion of Mr. Fleming, nor his attorneys, but the opinion of the county attorney's office, that it would be improper for him to surrender those ballot boxes to this subcommittee. To this step on the part of your county clerk no one could object; he merely followed the advice of the county attorney's office.

Under the present status of this case, we think the wording of the communication is unfortunate in saying that either Mr. Fleming or his attorneys blocked this proceeding. If it was blocked, it was blocked by the law. For this no one should be censured, but all commended. To follow the law is no crime, to be willing to be tested by the law is a virtue. It would have been improper to have permitted the committee to recount the votes unless the recount was made just as the law says it should be made. We stated then and state now that the law does provide for a recount, and if those conditions had been complied with as set forth by the law, there would have been no objection on the part of Mr.

Clarke Byrd of the Fourth Texas Infantry band, stationed at Marfa, Texas, is at home for a fifteen-day furlough, and is being warmly greeted by scores of friends.

He has gained twelve pounds in the high, dry climate of Marfa, and is looking browned and healthy. He reports that Director V. Alessandro of the Fourth Texas Infantry band, and his men, are well and getting along nicely. The cavalry band under the leadership of Professor O'Callahan has consolidated for the time with the Fourth Texas Infantry band, and the consolidated band gives three concerts weekly, also having many rehearsal meets. One concert is under the leadership of Professor Alessandro and the next under that of Professor O'Callahan, so that matters are moving smoothly in that regard.

There are thirty-five pieces in the band and fine music is the result. Mr. Byrd plays the clarinet in the Fourth Texas Infantry band.

## Lashing a Lazy Liver with pills may give temporary relief—but the pill habit is not a health habit. It will put the liver out of business in time—and then everything else goes out of business. Get the health habit by eating Shredded Wheat Biscuit, the ideal hot weather food, which contains more digestible, brain-making, muscle-building material than beef-steak or eggs. The tasty, delicious crispness of the baked wheat gives palatable joy and stomach comfort. It supplies the maximum of nutriment in smallest bulk. Delicious for breakfast with milk or cream, or for any meal with fresh fruits. Made at Niagara Falls, N. Y.

## AUGUST SALE OF HOUSE FURNISHINGS

Floor Coverings, Porch Furniture, Window Curtains, etc., are especially reduced in price for the August Sale. We quote a few of the many attractive items below. They serve to give some idea of the savings possible at this time on Sanger quality House Furnishings. You'll find these and many other items equally as attractive on our third floor.

All of the Above and Many More on 3rd Floor

### Central Labor Council Has Annual Election

Edward L. Duke was honored last night by being elected president of the Central Labor Council for the third successive time. Other officers elected were T. M. DeLoach, vice president; John R. Spencer, financial secretary; A. H. B. Cornelison, secretary; A. L. Neeley, treasurer; John Swafford, sergeant-at-arms; Paul Roach, W. M. Fischer, M. R. Goebel, D. Giammon and Mrs. Ruth Walker, executive committee; Taz W. McClellan, John R. Tennison and W. T. Foster, grievance committee; J. O. Carey, Eaton Williams and John Tennison, organization committee.

During the meeting a committee composed of Messrs. Hoffmann, Hutchison and Crawford of the Cotton Palace appeared before the council and declared the labor organization a day this fall. The proposition was unanimously accepted and it was decided to have Labor Day on the same day to be declared Waco day.

THE OLD RELIABLE  
Plumber is still doing business. All work guaranteed. Old phone 1638. Residence 1205 Bagby. W. J. Brazzil.

### Waco Will Be Made Texas Headquarters of Katy Auditors

Beginning next Sunday, August 6, there will be about sixteen additional train auditors who will begin operating out of Waco, and this will mean a total in this city of twenty-four, as there are already eight of these auditors working from this city out on the Katy north and south and up the Texas Central.

Practically all, if not all, of these men are married, and thus sixteen new families will be added to the population of the city, which is a pretty nice little addition all in a lump. Waco will be the train auditor center of the Katy for this entire section, as they can operate better out of here than from any other points, and in many cases the men can remain in this city much of their time under the new arrangement.

The new order has been given and is effective with the 6th of the month, and will mean quite an addition to the force of men now working in the auditor's department here.

Take the Service Automobile at the postoffice for the Holmes meeting. (Advertisement.)

### Was Almost in Katy Wreck—Decision Saved Him

That "he who hesitates is lost" is not always true was borne out nicely in the case of a decision made by Bart Moore Tuesday afternoon, and the decision which he made kept him out of the wreck on the Texas Special near Lancaster.

Mr. Moore was in Dallas to attend a political meeting, and after the meeting he could hardly decide whether to come back on the interurban or to catch the Texas Special on the Katy; it was almost a toss-up proposition, but was finally decided in favor of the interurban.

Had Mr. Moore taken the Texas Special he would have been in the wreck in which three lost their lives and others were injured. It should be remarked in passing, however, that the Texas Special has had wonderful success in keeping clear of wrecks, and has made fast time records for Texas.

NACOGDOCHES COUNTY LANDS.  
I have well improved farms for sale or trade, near Nacogdoches, Texas, where crops are fine and health is good. Price \$10.00 to \$25.00 per acre.
